U.S. Bill To Bar Canadian Wheat Is Shelved Singer Known In All Lands Succumbs In Her Loved Native Australia

PLANS FOR U.S. EMBARGOES POSTPONED

Congress Not Likely to Consider Bar Against Canadian Wheat at This Session

House Committee Also Postpones Action on Embargo on Russian Products

Canadian Press

Washington, Feb. 23—All embargo and tariff bills, including the proposed limitations on oil imports, to-day were rejected by the House ways and means committee.

This action is taken as definitely preventing introduction at this session of Congress of a bill designed to place an embargo on wheat imports from Canada. Such a bill has been advocated by Farm Board officials recently.

Chairman Hawley of the ways and means committee adopted a resolution postponing all action on the temporary agriculture embargo and the Williamson bill to ban all Russian products.

Hawley declined to make public the vote in the committee.

TIME IS LACKING

The resolution adopted read: "Whereas, in the opinion of the committee there would not be sufficient time during the remainder of the present session for the consideration of tariff or embargo bills, therefore, be it resolved the consideration of all such bills referred to and pending before the committee be postponed."

The committee does not expect to meet again this session.

CONTRAST IS NOT OFFENCE TO MUSSOLINI

Assistant U.S. Attorney-General Explains Apparent Criticism in Speech in New York

Italian Ambassador Will Not Ask For Apology From Washington Government

Washington, Feb. 23—The Italian Embassy here to-day requested the Italian Consulate in New York to send it for study a full report of the remarks made here Saturday evening by Assistant Attorney-General John Lord O'Brian.

Ambassador Di Martino declined to make any statement on O'Brian's speech before the Union League Club of Brooklyn, reported in press dispatches to have included direct criticism of Premier Mussolini. It was said on high authority, however, that the attitude of the Embassy now was that since O'Brian had made a public explanation that he was not casting aspersions on Italy or Premier Mussolini, but merely drawing a contrast, no action would be taken.

The Embassy has not communicated with the State Department.

HE THANKS GOD

New York, Feb. 23—An address in which John Lord O'Brian, First Assistant Attorney-General of the United States, was quoted as indirectly criticizing Benito Mussolini resounded in Italian-American circles to-day.

Speaking before the Union League Club of Brooklyn Saturday evening, Mr. O'Brian was quoted as follows: "Thank God, we do not live in a country such as Italy, where a dictatorship of one man can make a horrible slice in wages."

POOR CHOICE OF WORDS

Asked to explain his remarks later, he said: "Perhaps I made a poor choice of words in expressing my ideas. It was not my purpose to cast aspersions on Italy or its rulers. I was giving expression to a contrast."

"I understand that when the depression came to Italy, Mussolini issued a manifesto ordering a ten per cent cut in government salaries. I understand that was later extended further into private employment."

"The thought I had was that the federal government here had taken no such action."

QUICK ACTION

If Progress, Italian newspaper, communicated Mr. O'Brian's first remarks to the Italian Ambassador at Washington yesterday, requesting he consider a demand for an explanation from the State Department.

Mr. O'Brian's address followed closely on the incident involving Maj. Gen. Snedley D. Butler. The Italian Corps general referred to the Italian Corps as a "hit and run driver" who had injured a child. Secretary of State Stimson promptly tendered an apology to Italy and General Butler was ordered held for a court-martial. The order later was revoked, but the general was reprimanded.

Unruffled By Latest Criticism In U.S.

Premier Mussolini accepted the apology recently made by the United States Government after Major-General Snedley D. Butler's criticism had found its way into the newspapers. It appears he will not look for an apology as a result of remarks made in a speech Saturday evening in New York by John L. O'Brian, First Assistant United States Attorney-General, as the Embassy at Washington accepts Mr. O'Brian's explanation he was merely drawing a contrast. The picture above was taken recently while Premier Mussolini was saluting fellow Fascists on Siena Square, Rome.

VANCOUVER TO CUT 2,000 MEN FROM ITS JOBLESS RELIEF LIST

Canadian Press

Vancouver, Feb. 23.—On March 10 approximately 2,000 single unemployed men will be cut off from Vancouver City relief. This was decided by the civic relief committee at a special meeting to-day.

The committee determined that on March 10 assistance would be discontinued to all unmarried men on relief—that is, to those receiving bed and meal tickets—unless they could prove by poll-tax receipt or letter from a reputable citizen that they have been residents in Vancouver for a year or more.

It also was agreed that commencing immediately, these restrictions would be applied to men asking for assistance.

Of 5,042 men on single men unemployment relief at present, there are more than 2,000 who have never paid poll tax anywhere. These men, it is believed, are not residents of British Columbia.

WOMAN LOSES HUSBAND AND SON IN DAY

Toronto, Feb. 23.—Judge E. N. Lewis of Huron County, father of Norman Lewis of Goderich, who was killed yesterday evening in a sewer gas explosion in front of the Union Station here, died early to-day in his apartment here. Mr. Lewis Sr. was spared knowledge of his son's death owing to the fact he was seriously ill.

Mrs. Lewis, the widow, on learning her boy had been "hurt" yesterday evening, immediately collapsed.

Norman Lewis was fatally injured when an explosion of sewer gas took place on Front Street. The explosion occurred just as Lewis stepped over to a manhole. He was thrown twenty feet into the air.

BRITISH JOIN FRENCH-ITALY NAVAL DEBATE

London, Feb. 23.—Rt. Hon. Arthur Henderson, Foreign Secretary, and Rt. Hon. A. V. Alexander, First Lord of the Admiralty, left here for Paris to-day to confer over the French and Italian naval building programmes.

U.S. GUARDS SINK RUM BOATS OFF NEWPORT AND SAVE CREWS

Canadian Press

Newport, R.I., Feb. 23.—Two rum-running boats were believed to have been sunk just outside Newport Harbor early to-day during a running fight with coastguard patrol boats.

Police received reports that the crews of the two boats had been taken aboard coastguard patrol vessels, which proceeded to New London, Conn. Shortly after midnight the rattle of machine gun fire and the boom of one-pounders could be heard clearly in the city. From the high bluffs that overlook the sea at the outskirts of the city, two patrol boats could be seen engaging in a battle with a zig-zagging power boat which headed out to sea.

At 2.30 this morning police said a tug captain brought reports of the sinking of the rum boats.

ONTARIO M.P.P.'S ASKED TO CUT THEIR SALARIES

Toronto, Feb. 23.—The Toronto Globe to-day said: "A 10 per cent reduction in the \$10,000 salary of each Ontario cabinet minister, in the \$3,000 stipend of the leader of the official opposition, and in the \$2,000 sessional indemnity of each of the 112 members of the House will be sought in a resolution which Harry C. Nixon, Progressive group head, by way of implementing his debate advocacy of last week, will file in the Legislature at an early date."

Ships Delayed By Great Storm On Mediterranean

Marseilles, France, Feb. 23.—A violent northwesterly gale has been blowing in this part of the Mediterranean for two days, making the port of Marseilles practically inaccessible.

A number of ships are anchored in the roads waiting for a lull which will permit them to enter. Passenger services to Corsica and North Africa are greatly delayed.

The Marseilles radio station to-day picked up a call for help from an unnamed Yugoslavian steamer in distress near Malta.

C.P.R. Is Watching Air Development Beatty Declares

Joint Rail and Air Services Will Be Provided by Canadian Lines If Development Demands It, Says President of Line; No Air Passenger Service Between Victoria and Vancouver Contemplated; Believes Canada Will Emerge From Trade Depression More Quickly Than Other Countries; Conference Will Be Called to Consider Peace Outlet.

Air developments, more particularly as they affect the operations of a large transportation system, are being closely watched by the Canadian Pacific Railway with a view to the inauguration of joint services when the time is considered opportune, it was announced to-day by Edward W. Beatty, K.C., president of the C.P.R. system, who is in the city to-day.

"If the development in air services, which is progressing satisfactorily, demands joint rail and air services, they will undoubtedly be provided by the Canadian railways," said Mr. Beatty, when questioned upon the point.

The C.P.R., he added, had no plans contemplating the establishment of a passenger air service between Victoria and Vancouver. The C.P.R., with the C.N.R., is interested in an aerial company formed in the east for the development of air traffic.

MONTHLY DUES FOR B.C. STATE HEALTH POLICY

Families May Be Called Upon to Pay \$1.50 to \$1.80 a Month

Legislation Expected This Session, Member of Commission Says

The report of the Royal Commission on State Health Insurance and Maternity Benefits will be produced at the present session of the B.C. Legislature and legislation will be introduced this session Dr. J. J. Gillis, Liberal, Yale, one of the members of the commission, intimated in the agricultural committee this morning.

The matter came up during a discussion on traveling clinics and rural health service recommended by the Advisory Board of Farmers' Institutes. The resolution proposed more community nurses and a form of taxation to pay doctors' and hospital bills.

Dr. Gillis stated this was covered in the report. He also stated the whole province had been divided into sections in the report and recommendations, and the plan of state health insurance and maternity benefits called for a payment ranging from \$1.50 to \$1.80 per month as insurance for a whole family. The rate was not changed by the size of a family. The doctor mentioned the members of the commission came to Victoria a week before the session to prepare their report and would probably complete it early this week.

NEW LOAN TERMS URGED IN AUSTRALIA

Canadian Press Cable Via Renter's Sydney, Australia, Feb. 23.—Breaking away from the Commonwealth Government and the governments of the other states, Premier J. T. Lang of New South Wales delivered a slashing speech in the East Sydney federal by-election campaign to-day, declaring flatly for repudiation of interest on debts overseas until "overseas financial interests extend to Australia conditions of repayment similar to those America gave to England."

While a huge and enthusiastic gathering cheered him, the labor premier of the state declared that fourteen years ago overseas interests, by conscription through the Australian Government, attempted to take her sons from their homes to give their lives on the battlefields. "To-day the same interests are working through the same"

(Concluded on Page 2)

IS BELIEVED SAMUEL HILL IS DYING

Portland, Ore., Feb. 23.—Attendants at St. Vincent's Hospital here to-day said it was feared Samuel Hill, seventy-four, internationally famous highway and railroad builder, would not survive the day. He has been critically ill since last Wednesday and has been in the hospital since February 9.

His physicians said his heart action remained comparatively strong, but hope for his eventual recovery had been abandoned by those at the bedside.

SOLLOWAY IS BEFORE COURT IN VANCOUVER

Broker Given Remand Till Friday on Appearance After Journey From Alberta Jail

Bail Is \$35,000; B.C. Hearing Will Be Delayed Till Toronto Trial Is Completed

Canadian Press

Vancouver, Feb. 23.—Under escort of a provincial police constable, Isaac W. C. Solloway, broker, arrived in Vancouver this morning from Calgary, after completing a three-month sentence in Lethbridge jail.

Mr. Solloway appeared in police court at 10 a.m., and was remanded till Friday. Bail was set at \$35,000, the same amount as that fixed for his partner, Harvey Mills. He is charged on four counts of conspiracy to defraud.

Solloway is charged jointly with his partner, Harvey Mills. The hearing of the case will be adjourned from time to time until prosecution of the two men by the Ontario authorities has been completed.

While at the courthouse Solloway was closeted with Staff-sergeant John Shirras of the Provincial Police. Inspector Gurnett of the Ontario Police accompanied Solloway from Lethbridge. He is waiting to escort him to Toronto.

STAY IN CALGARY

Calgary, Feb. 23.—Closely guarded while he was in Calgary for over twelve hours I. W. C. Solloway, released Saturday.

PLAY OPENS IN WINTER GOLF EVENT

Over Hundred Competitors Commence Play at Victoria Golf Club To-day

E. W. Ismay and A. L. Lewis, New Westminster, Leading in Men's Qualifying Round

With the largest entry list since the tournament was inaugurated two years ago play commenced this morning at the Victoria Golf Club in the third annual Empress midwinter golf championship. Both the men and women are engaged to-day in the eighteen-hole qualifying rounds, the men holding the spotlight this morning and the women playing this afternoon. Both championships are on handicap. In the men's championship the thirty-two low scorers will qualify, while in the women's event the low sixteen will make the championship flight.

With about one-third of the competitors in the men's championship checked in E. W. Ismay of Victoria and Allen L. Lewis of New Westminster were tied for the lead, each having net scores of 67. Ismay toured the eighteen holes in 76, a 36 going out and a 40 coming home, which his handicap of nine reduced to a 67. Lewis, who is the son of L. A. Lewis, first champion of the Seniors Northwest Golf Association, had a gross 77, including a 36 and a 41. His handicap is ten.

MORRISON HAS A 73

Bob Morrison of the Uplands Club, a former city champion, checked in with a gross 73, which his handicap of three reduced to a net 70. Morrison is one of the lowest handicap players in the tournament. Art Beasley, southpaw star of the Victoria Golf Club, toured his home course in 81, which his handicap of six, reduced to a net 75.

Harold Lineham, Colwood star and defending champion, found the going tough this morning and carded 81, which his handicap of two reduced to a net 79. Harold Brynjolfson, city and Uplands champion, was even worse taking an 83 which his handicap of three reduced to a net 86. It is possible that neither Lineham nor Brynjolfson will qualify.

The tournament will continue until Saturday.

Seventy-seven faced the starter in the men's championship and fifty in the women's event.

(Concluded on Page 2)

ALBERTA JUDGE PASSES WHILE ON VISIT HERE

H. C. Taylor Was Member of Edmonton District Court For Twenty-three Years

Came Here Short Time Ago on Annual Trip; Had Many Friends Here

Judge Hedley Clarence Taylor, for twenty-three years a member of the district court of Edmonton, Alberta, died here this morning at the age of sixty-six years.

Judge Taylor had been a regular visitor to Victoria for the last twelve years. He contracted pneumonia and died in St. Joseph's Hospital.

Born in Sheffield, New Brunswick, in 1864, Judge Taylor received his legal training in Canada and the United States, attending Mount Allison University and Michigan University, receiving degrees at both institutions. He was called to the New Brunswick Bar in 1891 and went to Alberta the same year. He practiced there until receiving the appointment to the district court in 1907.

From 1896 to 1908 he served as a school trustee in Edmonton.

Judge Taylor was a past grand master of the A.F. & A.M. in Edmonton and was prominent there for many years in a public way.

His remains are resting at McCall Brothers Funeral Home.

They will be forwarded to-morrow to Edmonton for burial.

Two sons, Gordon and Harold, survive in Edmonton. A sister resides in New York.

Ontario Jews Declare They Are Barred From Auto Insurance

Canadian Press

Toronto, Feb. 23.—Assertions that "unofficial prejudice" against members of the Jewish race existed among insurance companies, making it particularly difficult if not impossible for persons of that race to get automobile liability insurance, and that Premier G. S. Henry had promised a remedy would be brought forward at this session of the Ontario Legislature, was made here to-day by E. Fred Singer, K.C., M.P.P. for Toronto-St. Andrews, a Conservative.

With only two exceptions out of the 100 companies writing that type of insurance in Toronto, Mr. Singer said, the underwriters had cancelled 90 per cent of their Jewish business.

FASTING URGED BY DEAN INGE

London, Feb. 23.—Dean Inge of St. Paul's, in a Lenten sermon yesterday evening, enjoined his flock to practice real fasting. "Eschew the miserable sham of dainty cooked fish dinners and try the effect of either going without food or eating something you don't like," he said.

WORKSHOP

Just what PIPE SMOKERS have always wanted!

SIX SIMPLE CONTEST RULES

- 1 The letter must be written on one side of the sheet only, and signed plainly with the writer's name and address.
- 2 All letters become the property of Imperial Tobacco Co. of Canada, Limited.
- 3 All entries must be accompanied by a wrapper from a package of Turret pipe tobacco.
- 4 Imperial Tobacco Company of Canada, Limited, will not enter into any correspondence whatsoever regarding any entry in this contest.
- 5 The decision of the judges will be final.
- 6 The Contest closes February 28th, 1931.

15c. package contains 2 poker hands
20c. package contains 3 poker hands
1/2 pound tin contains 12 poker hands

—a quick lighting, long burning pipe tobacco
—that gives a good, cool smoke every time and all the time
—and at a popular price!

That's Turret pipe tobacco—pipe-tested and approved by thousands of seasoned smokers. What is your opinion of it?
There is still time to enter the Turret \$250 Prize Contest, by writing a letter stating, in simple language, what you like about Turret pipe tobacco and why. Letter accompanied by a wrapper from a package of Turret pipe tobacco must be posted before midnight, February 28th, and addressed to Turret Pipe Tobacco, P. O. Box 1314, Montreal.

SENATOR BLAMES U.S. TARIFF FOR BIG TRADE DROP

Washington, Feb. 23.—The raising of the Canadian tariff on United States automobiles is regarded by Senator W. George, Democrat, Georgia, as a further effort on the part of our best customer to fix tariff duties for the protection of Canadian industry, not a basis of sound economics, but as a retaliatory measure.

In a statement yesterday through the Democratic National Committee, George said high-priced United States cars are virtually excluded from Canada under the new rate.

"The order does not have its genesis in the duty levied in the Smoot-Hawley tariff act on foreign-made automobiles and trucks," he added.

"The duty in our tariff act on automobiles is entirely useless since we do not import as many as a thousand cars in a year."

"The Smoot-Hawley Tariff Act did, however, deal a severe blow to Canadian imports. We recklessly undertook to exclude Canadian imports by duties virtually prohibitive. The Canadian government is simply following a programme of retaliation."

George said official figures showed United States exports to Canada in January, 1931, had fallen off \$154,480,000 compared with the same month last year, and imports had declined \$127,067,000.

For the seven months ended with January, he added, United States exports to all countries had declined \$1,710,956,000, and imports \$916,545,000, making a total "loss" of \$1,927,001,000.

BOMBAY POLICE ARREST OVER 400

Bombay, Feb. 23.—Police yesterday arrested more than 400 members of the Nationalist Congress party who attempted a demonstration on the Indian Esplanade here.

In doing so they started something new in breaking up Indian manifestations. Previously the police would charge into a crowd with falling sticks and disperse it by force, but yesterday they came out in sufficient numbers to surround the entire demonstration and all those participating in it.

Those arrested were the president and members of the Bombay Congress council, in addition to 400 Congress volunteers.

GREAT WAVES HIT ISLANDS

London, Feb. 23.—A dispatch just received from Rarotonga, Cook Islands, reports the recent New Zealand earthquake was preceded there by several days by a tremendous but windless ocean disturbance which lasted the whole night of January 28.

The ocean waves rose fifteen feet high outside the lagoon, rolled over the reef and rushed up the harbor, swamping sheds at the wharves and throwing spray eighty feet in the air. There was not a breath of wind at that time and through the spray it could be seen the Pacific Ocean was perfectly calm beyond the zone of disturbance. Giant waves lashed the harbor all night, then subsided.

MURDER CONVICTION

Sydney, N.S., Feb. 23.—After deliberating for an hour and twenty minutes, a Superior Court jury Saturday returned a verdict of guilty in the case of George Beckett of Glace Bay, convicting him of the murder of Nicholas J. J. taxi driver. Beckett will be sentenced by Mr. Justice Ross at the close of the present court term, a week or so hence.

BRITISH LEFT WING LABORITES URGE NEW TAXES

London, Feb. 23.—The national council of the Independent Labor Party today issued a statement asserting that the economy speech in the House of Commons had created a grave emergency, and the government was urged to adopt a "fighting Socialist policy."

Its demands included a revision of war debt settlements and reduction of the war debt by an additional surtax on dividends from interest-bearing securities, with added taxes on high profits of monopoly and luxury trades. Other recommendations included substantial reductions in the fighting services.

The statement said unemployment must not await "the uncertain revival of world trade" and attacked "the banking policy of the last ten years, with its disastrous results in trade depression and wage reduction."

SPOTTED FEVER CAUSES DEATHS IN ENGLAND

Portsmouth, Eng., Feb. 23.—All military and naval formations among the British forces here have been cancelled as a precaution in view of the outbreak of spotted fever in the services last week.

Already eight soldiers have died with the disease, which otherwise is known as cerebro spinal meningitis, at Aldershot. A suspected case has been discovered aboard the battle cruiser Repulse at Gibraltar, and 272 cases have been recorded among English civilians in the last eleven weeks.

M. HANIHARA ILL AT TOKIO

Tokio, Feb. 23.—Masanao Hanihara, Japanese Ambassador to the United States from 1922 to 1924, who created a stir by predicting the proposed Japanese exclusion act would bring "grave consequences," was in a state of coma today after falling to rally from a paralytic stroke. Physicians said recovery was doubtful as the patient had developed pneumonia and other complications.

After Hanihara's "grave consequences" assertion he became the target of exclusion bill advocates in the United States, who interpreted his statement as a threat against the republic. As the outcome, Hanihara was recalled to Tokio.

FLASHES BY WIRE

Suva, Fiji Islands, Feb. 23.—Seven were known to have lost their lives and hundreds of natives and East Indian farmers were homeless to-day after the worst flood in forty years. The River Rewa, largest of the Fiji Islands, overflowed its bank as the result of heavy rains and inundated surrounding districts.

Authorities expected the death toll would mount considerably as the waters receded.

Fort Qu'Appelle, Sask., Feb. 23.—Breaking into the postoffice here some time Saturday evening or early Sunday morning, bandits blew off the door of the safe, took \$50 in cash and, after entering the adjoining Pioneer Store, made their getaway. All they got in the store was a box of matches.

Peiping, Feb. 23.—Although nominally working in conjunction with and under orders of the Nanking government, Chang Hsueh-Liang, thirty-year-old Manchurian war lord, has in effect re-established the old suzerainty of his father, the late Chang Tso-lin, over Northern China. Chang is establishing a residence and headquarters in the lower part of the Forbidden City and will use a tri-motored airplane to commute back and forth to his other home, Mukden, 400 miles distant. Virtually all China, north of the Yellow River, will pass under his control.

Marseilles, France, Feb. 23.—Communists and Socialists battled here yesterday afternoon at a propaganda meeting which had been called by the Socialists and two spectators were wounded by revolver shots, one seriously.

Moscow, Feb. 23.—Following the investigation of counter-revolutionary activities of the so-called "Social Democratic Party," the government today announced two prominent scholars soon would be brought to trial before the Supreme Court. The accused leaders of the party are Vladimir Gromov and Nikolai Soukhanov. They were arrested with numerous others last July.

Hoguen, Wash., Feb. 23.—Half the business section of Pacific Beach, popular summer resort, twenty-seven miles northwest of here, was in ruins to-day, fire having destroyed twelve buildings yesterday at a loss estimated by firemen at between \$50,000 and \$75,000.

THREE CONVICTS KILLED

Joliet, Ill., Feb. 23.—Two convicts were killed and a third fatally wounded as they were lowering themselves to freedom over the seventy-foot wall of the Illinois state penitentiary just before dawn yesterday.

TANLAC BUILT HIM RIGHT UP

"Greatest Restorative Tonic" He Says

Ill for a year with Stomach Trouble, Mr. Ernest Lacasse, 455 St. Jean St., Quebec, became so pale and thin that he was simple wasting away. Anything he ate, distressed him, because his stomach was in such bad shape that he could not digest the simplest food.

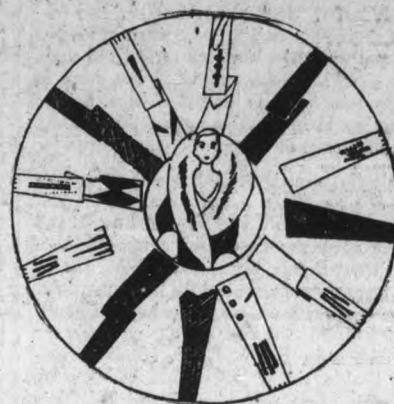

"Finally," he writes, "I decided to try Tanlac and three bottles made a new man of me. Tanlac restored my appetite, stopped the indigestion and put the color of health in my cheeks. I heartily recommend Tanlac as the greatest restorative tonic I have ever known."

And this is just what Tanlac is! Over 100,000 people have endorsed Tanlac by letter—over 55 million bottles have been sold. Get a bottle to-day at your druggist's—money refunded if it doesn't help you. (Adv.)

MELBA

IT IS NEARLY FORTY YEARS SINCE Melba first electrified this continent by the beauty of her voice, and many critics acclaimed her as a worthy successor to Patti as the Queen of Song. She already had won success in Europe, although for some years she had found the pathway to renown difficult, if not altogether discouraging. As Nellie Mitchell, who in her native Melbourne, Australia, had developed in preliminary training what was regarded as an exceptional voice, she had gone to Paris to study under the great Marchesi, and made her debut in opera in Brussels. Then as Madame Melba, a name taken from her birthplace, she sought the conquest of the operatic realm of Europe.

Melba's first experience in England was disappointing. She found the audience unresponsive and the critics indifferent, so she returned to Brussels and Paris where eventually she gained a triumph; then she took Great Britain by storm. Following her American tour she became one of the bright particular stars in the constellation Graue had developed at the Metropolitan Grand Opera House in New York, her contemporaries being Eames, Calve, Nordica, Sembrich and Scallchi among the women, and the De Reszke brothers, Jean and Edouard, and Pol Plancon among the men. In that glittering galaxy she held a foremost place for many years, for apart from the beauty of her voice and her flawless technique she was endowed with a commanding and gracious personality.

Although Melba lacked the histrionic ability of Calve or Nordica, and her singing was not characterized by the warmth which marked the art of some of her contemporaries, particularly those of Latin origin, she had other advantages which amply compensated her for these shortcomings, and which enabled her to retain her popularity against all rivals. Her career after she left the Metropolitan and returned to London is well known. She made several tours abroad that included her beloved Australia, which gained much lustre from her incomparable art and to which she gave a loyalty that never faltered. Her fine services to the empire during the war won the recognition of the King and she received several decorations, becoming eventually a Dame of the Order of the British Empire. She will be remembered always not only for her great attainments as an artist, but also for the many fine qualities of mind and heart which contributed to her winning personality and helped to make her one of the outstanding figures of the age.

THE GOLF TOURNAMENT

ALTHOUGH IN MANY PARTS OF THIS country February is far too early in the year for golfers to examine their clubs and see that they are in readiness for use, we in Victoria are so favored climatically that this month has been marked in the golfing calendar as that in which the Empress Mid-winter Golf Tournament takes place each year.

To-day has witnessed the commencement of the third of these interesting events, and it is a happy coincidence that Mr. E. W. Beatty, president of the great transportation company under whose auspices the tournament is held, is in Victoria and will be able, for a few hours at any rate, to forget such mundane considerations as the Pacific Great Eastern Railway, Peace River, car-loadings and freight rates and to see for himself at the picturesque links at Oak Bay how keen is the competition to win the magnificent trophy which bears his name. The outside entry list is not as large as Victoria golfers would like to see it; but what is lacking in numbers will be made up in enthusiasm and the friendly rivalry between contestants which produces good golf. The array of fine prizes, indeed, is alluring in itself.

From the moment the idea of a Mid-winter Golf Tournament for Victoria was suggested to him more than two years ago, Mr. Beatty became enthusiastic and himself furnished the principal trophy, an interest warmly appreciated, not only by the golfers of this community, but also by the citizens generally. Those who are not privileged to see the wide array of newspapers and periodicals that come to the exchange table of a daily newspaper may not realize, perhaps, to what an extent the Canadian Pacific Railway Company has advertised this event, which, of course, has meant advertising Victoria. From one end of Canada to the other, and in many widely-read journals in the United States, this week's golfing fixture has been blazoned in the most attractive manner.

As time passes—as an annual fixture it still is only in its infancy—this tournament unquestionably will become one of the major fixtures of the Pacific Northwest and an attraction in a general way that will bring many people, players and non-players, to this city for a week at least. The railway company has spared neither thought nor expense to get the event firmly established, and we may be sure that when business conditions improve, as they will do, of course, the entry list will far surpass in numbers the record set to-day.

Moreover, the tournament has been based on the right lines. By requiring all participants to compete on handicap, players who are more familiar with eighteen-hole scores of three figures than they are with those in the near-par class feel that they have just as much chance of capturing a prize as the crack players. It is this full interest which the event furnishes that already has made it so popular. As the number of entrants grows, however, it may be advisable to widen the nature of the competition; but its sponsors

are wise to retain the present arrangement for the time being.

Victoria naturally is proud that it is able to live up to its reputation for being able to furnish golf all the year round. Thanks to the wide publicity which the Canadian Pacific Railway Company has given to these tournaments, particularly this one, hundreds of thousands of golfers all over this continent and farther afield are now aware and convinced of this fact.

A HOPEFUL SIGN

ONE OF THE MOST SIGNIFICANT AND hopeful features about the conversations which are to continue between Lord Irwin and Mahatma Gandhi is that the working committee of the All-India National Congress has given the Nationalist leader the power of absolute decision in all his conferences with the viceroy.

In view of the fact that Gandhi exercises such a powerful influence over his myriad followers, this decision, perhaps, is not altogether unexpected. It is nevertheless a sign that in extreme nationalist quarters a new attitude is being manifested which is in striking contrast with that adopted when the civil disobedience movement was actively launched last summer.

There is nothing in this, of course, suggestive that there are no breakers ahead, or that Gandhi and Lord Irwin will be able to reach a cut-and-dried agreement on all matters they discuss. But it means now that Gandhi will be able at once to consider the viceroy's arguments as they are advanced, and reject or accept them. This will make for speed and a better understanding.

THE TELEPHONE INDUSTRY

CANADA IS PRE-EMINENTLY A country of telephone users. The Dominion has, according to the latest statistics, the largest number of telephone conversations per capita in the world. In the number of telephones per capita the Dominion comes second only to the United States. The average number of telephone conversations per capita in Canada in 1929 is estimated by the Dominion Bureau of Statistics at 257. The estimated number in the United States in 1928, according to figures published by the American Telephone and Telegraph Company, was 230.7. The number of telephones per 100 of population of the United States in 1928 was 16.3, while that of Canada in 1929 was 14.29. Germany and the United Kingdom had larger numbers of telephones than Canada in 1928, but their averages per 100 of the population were only 4.6 and 3.8 respectively. Leadership among the Canadian provinces in the number of telephones in operation in 1929 was with British Columbia, with an average of 21.2 per 100. Ontario came second with 18.9 and Saskatchewan third with 13.4.

The growth of the telephone industry in Canada has been very rapid. In the eight years following 1921 there was an increase of over fifty-five per cent in the number of telephones in operation, and in the five years ended with 1929 there was an increase of over thirty per cent. The number of installed telephones in Canada in 1929 was 1,399,986, which exceeded the total for the previous year by 65,452, or 4.9 per cent. At the end of 1921 the total number of telephones in the Dominion was 902,090, and at the end of 1924, 1,072,454. The number of telephones per 100 of the population in 1921 was 10.26 and 1924, 11.62.

WHAT OTHER PAPERS SAY

TASTY SNIPS OF BIOGRAPHY
The Manitoba Free Press

Rebecca West always mixes a little acid with the ink in which she dips, as she does in The New York Outlook. She says: "There is an interesting storm going on in England just now over a biography—interesting because it is real, as storms over biographies rarely are. Usually such storms are trivial conflicts between inaccurate and family feeling. Lady Oxford writes yet one more autobiographical article describing how in 1892 at a luncheon party at Chipping Sodbury Towers she met the poet Chaucer, who was so struck by her wit and charm that later (like nearly all of God's creation) he asked her to marry him. There then follow letters from Chaucer's living relatives pointing out that at that date he was no longer living, and that all knew he had never proposed to anyone but Aunt Minnie (still living at The Limes, Wantage, and greatly grieved by the report) and the matter is ended. Such are storms in tea-cups!"

A THOUGHT

Come, and let us return unto the Lord: for he hath torn, and he will heal us; he hath smitten, and he will bind us up.—Hosea vi 1.

True repentance has a double aspect; it looks upon things past with a weeping eye, and upon the future with a watchful eye.—Hosea Ballou.

Twenty-five Years Ago To-day

The Victoria Daily Times, February 23, 1906
(From The Times Files)

Weather Forecast: Victoria and vicinity—Easterly winds, partly cloudy, with showers to-night or on Saturday.

Arrangements have been completed for the fifth annual ball to be given under the auspices of the Victoria Hockey Club this evening, at the Assembly Hall.

There was a meeting of the City Council last evening for the special purpose of considering the estimates for the current year. The Mayor and all the aldermen were present with the exception of Alderman Fell, and several items in the list were vigorously contested.

Preparations for the annual show of the Victoria Kennel Club are proceeding apace. At a meeting of the committee in charge of the arrangements held recently the question of appointment of a judge came up for consideration.

The legislature this afternoon killed the bill to provide for an eight-hour day in smelters, on a close vote of 19 to 17.

In connection with the continuation of the C.P.R. steamer Princess Beatrice on the Victoria-Seattle route, it should be noted that a six-day per week service will be maintained, the steamer taking Monday as a long lay-over day in this port. There will be no steamer leaving Victoria for Seattle on Sunday nights, the new schedule becoming effective immediately.

Across the Bay

Serious and worthwhile matters are abandoned—For a worthless count of what happened to the little girl next door—On Chinese New Year's.

By H. B. W.

THIS COLUMN, of course, is supposed to treat of serious and worthwhile things like the debate on the Speech from the Throne, but as the Legislature doesn't meet on Saturdays there isn't much to write about to-day. Instead of serious and worthwhile things, like the debate on the Speech from the Throne, I am forced to resort, as I did last week, to the casual and worthless happenings of people out our way. And even though I realize that she can be of no interest in comparison with the debate on the Speech from the Throne, I find I must fill this column to-day by telling you of the latest difficulties of the little girl next door.

THIS IS not an exciting narrative. Like the adventures of the little girls in the private Sunday school of the old lady up the hill (which, by the way, was reported in this column now and in full respectability on Sunday, in the enforced absence of the little girl). This, I say, is not an exciting narrative, but you can't expect one little girl to think up a new adventure every week. This is just a record of an ordinary day with her.

WELL, THEN, it seems that while I was away across the Bay, reading serious and worthwhile things, this district was plunged into the throes of Chinese New Year's. That meant, of course, that everyone was awakened in the middle of the night by several hundred packages of firecrackers being let off by the old Chinaman and all his innumerable cousins down in the swamp, where the cabbages grow. Next day old Charlie Wong himself happened along and seeing the little girl and her friend Laura playing in the garden, invited them to come along to his cabin to receive a present of some firecrackers and Chinese nuts. The little girl, of course, had never heard of them, but old Charlie explained, "Makem, big bang—tasteful—hang good," which was rather vague but intriguing, and she and Laura decided to accept the gifts.

DOWN THEY went, therefore, to Charlie Wong's cabin in the swamp, where the old fellow produced several packages of firecrackers, all done up in red paper, and a bag of those curious soft-shelled Chinese nuts with the sweet, sticky taste. The little girl quickly mastered the nuts, concluding that their insides were raisins of a particularly fine flavor, but the firecrackers were beyond her. So old Charlie obligingly opened and lighted them. But when they went off with a terrific clatter the little girl rushed off in great terror with her companion, but slipping on the damp ground, fell flat in a great puddle. She arrived at George Pudbury's house down the road drenched from head to foot and hardly recognizable under a coat of mud.

NOW GEORGE PUDBURY'S children are all boys, big boys, too. Mrs. Pudbury could do was to strip the little girl forthwith and dress her up in some clothes belonging to her youngest son, who is a full ten years. So garbed, the little girl finally arrived home wearing a boy's cap which left her hair sticking out in all directions, a big bang—tasteful—hang good, which was rather vague but intriguing, and she and Laura decided to accept the gifts.

HER YOUNG mother, with a sharp scream of horror which could be heard all round the neighborhood, dragged the little girl into the house, stripped off all her clothes and, to prevent her catching cold, plunged her immediately into a hot bath, which, of course is a remarkable performance. You may wonder how a respectable old gentleman like me, living next door, could be familiar with such household arrangements, but I may tell you that I have even been present at this ceremony. I have watched the little girl swimming up and down the bathtub on her tummy, and poured hot water down her back with a tin mug. I have also been introduced to the six young panions of the Bath, the three yellow celluloid swans, the red celluloid fish with the kindly eyes, the fat little rubber gentleman with the blue bowler hat, and the newly-arrived green frog, who, as the water swirls out at the end of the ceremony, has a curious habit of standing with one leg in the vent, where he piousness around rapidly, with an expression of great misery on his face.

WELL, AFTER this ceremony, the little girl was promptly clapped into bed for the rest of the day. They wondered next door why she was so quiet in the face of this indignity, but at supper-time they found out. When the young mother took the little girl's dinner up to bed she beheld a ghastly sight. The little girl had somehow moved her crib, which is unfortunately equipped with wheels, across the room, until she had got within reaching distance of a chest of drawers. Thereupon she had removed the drawers one by one and spread the contents broadcast.

SUCH A SPECTACLE, the young mother assures me, was never heard of. First of all the little girl had found a bag of buttons which she had promptly scattered everywhere, probably eating several in the process. Then she had come across a drawer full of what I understand are called ladies' undies, and these had been mauled beyond recognition. She had also investigated a package of thumb tacks which were being found from time to time now in all parts of the room and throughout the little girl's bed. Half a dozen books had been investigated, some pages torn out, and then thrown aside, as the little girl sought still greater excitement. Unhappily for him, her young father had placed all his cancelled checks, carefully in that chest of drawers. These were littered in all directions and many of them destroyed, because he is so particular about such things, made the young lady quite frantic. Several pairs of ladies' slippers had been tried on and rejected as unsatisfactory. But the greatest fun of all was when the little girl found a little drawer filled with spoils of thread.

THEY TELL me that the sight of the little girl when she was finished with the thread was beyond description. She had woven a cocoon of thread about her from head to foot. There was red and blue silk about her head, there was green thread about her neck, there was every color wound tightly about her body, and her legs were bound together by several dollars' worth of yellow yarn. And to complete the picture she had placed her daddy's last year's straw hat on her head, she had draped herself in one of her mother's evening dresses and had both her feet thrust into one of her father's shoes. There, in this remarkable costume, bound tight and immovable like an Egyptian mummy, she was found at dinner-time, when she had only this explanation to offer: "Nice, mummy—yes, no?" Whereupon she was given her supper, stripped of her finery (her mother being in tears of desperation) and left alone for the night with her seditious bear. As she went down the stairs her mother heard the little girl saying, "It's dark in here, Teddy bear, but don't you mind, I'll be right in the mornin' the sun comes up bright!"

We have only one class of customers... those we are anxious to please. The difference in the amount purchased in no way affects the service rendered.

PEASE'S DROP WINS GAME
The hero-kick that gave the winners a 4 to 3 lead and led them to ride rough-shod over the Bays in the closing minutes of the game, came after a scrum fifteen yards from the line. The Oak Bay forwards had Pease secured the ball, swung it practically without moving to Pease, who kicked, after a run of a yard or two, from right in front of the Pease line. The Oak Bay forwards had Pease sailed over the bar with a good deal to spare.

THE OAK Bay team had the best of the play throughout. The Bays' scrum around their opponents' line. Though their scrum was out-healed by the Bays' pack, their forwards were superior in the loose, and Pease's dribbling was not up to par. It was a switch to their three quarters that brought them victory. They were scored by King and Partitt, both forwards, after line crashes. Tackling by both teams was erratic. The Wanderers' three quarters passed better.

THREE DAYS HURT
Soon after the start of the game Moses, Bays' forward, went off with an injured foot, and he was the first of the three carmen who were forced out during the encounter. The other two, Partitt and D'Arcy, left the field in the second half, the former to return only to go off again for good, the latter with a nose bleed caused through trying to tackle Oiler high and getting one of the Oak Bay full-back's celebrated hand-offs.

Hopewell, hefty forward of the winners, made the first dangerous rush when he carried the ball through the loose for twenty-five yards before being leveled close to the line. Pease kicked from near centre a minute later and Full-back Partitt, playing his second game of the afternoon, was forced to touch down. The play was taken out of the Bays' half very effectively, when Skillings ran half the length of the field, passed to Le Marquand on the Wanderers' line, who went over for the first time. McKinnon missed the kick for points.

During the half Haines tried a drop kick that was not far from being successful, and Wanderers' full-back, the optimistic Ian Douglas, placed five kicks awarded near the centre, and tried to convert them. Toward the end of the half the Bays' line for about five minutes before being cleared.

WANDERERS SUPERIOR
The second half was all Wanderers, though it was not until Fred Pease intercepted the ball in the Bays' half twenty-five yards, that his team really threatened. Before Pease finally dropped his field goal, Symons had tried three similar kicks, one of which was not far wide. The score was now 4 to 3. Soon after the kick-off, Haines, Oak Bay three-quarter, kicked one of his mighty punts from centre. The ball bounced and rolled to within five yards of the losers' line. Le Marquand picked it up while running toward his own line and was forced to touch down. The ensuing five-yard scrum gave the betty King his chance. He secured the ball in the tussle and rolled over. Ian Douglas failed to convert from the hard angle and the score was 7 to 3. HAINES USES HEAD

Haines was again the force behind the next try, scored shortly after. He carried the ball to within fifteen yards of the Bays' line, was grabbed by the Bays' full-back, and made a spin around several times. He kept his feet, took advantage of each spin to get a couple of yards closer, and when just off the line was compelled to drop the ball, Harold Partitt picked it up and before the Bays quite knew what was what had scored behind the posts. Symons converted.

score 12 to 3. The whistle blew a minute later.

Aland refereed and the teams were: Oak Bay—Oiler, Thornberry, Haines, Pease, Usher, Symons, Le Partitt, Gobly, I. Douglas, G. Douglas, De Blacouere, King, Hood, Harrison and Hopewell. B. A. A.—Parrott, Johnson, Le Marquand, Caviness, Skillings, Pease, McMillan, Cockin, D. Partitt, Moses, Wernock, Goad, Fanning, D'Arcy and Petticrew.

WANDERERS TAKE LEAD IN RUGBY

Ensure Place in Second Half Play-off With 12 to 3 Win Over Senior J.B.A.A.

Score Third Successive Victory to Complete Fixtures in Regular Schedule

The Oak Bay Wanderers proved even more conclusively to doubting rugby fans that their bid for the second half senior rugby championship has powder and shell behind it, and is no mere flash in the pan, when they defeated the J. B. A. A. fifteen twelve points to three at Athletic Park Saturday afternoon. It was the Oak Bay team's third straight victory and puts them a game ahead of the Canadian Scottish, with three wins and a loss to two wins and a loss for the latter. It was also the Bays' third straight loss in the second half schedule, and should they go down again to the Scottish next Saturday, a tie will be created in the league standing between the soldiers and the Oak Bay boys, and a play-off between them necessitated for the right to meet the slipping oarsmen, first half winners, for the senior rugby title.

Saturday's game, in spite of a stirring finish that saw the Wanderers score all their points and overcome the J. B. A. A. 3 to 0 lead, was slow and came as a decided anti-climax to the struggle that had preceded it between the College and the Bays for the Intermediate championship. The Wanderers appeared to enter the encounter in a slightly different manner than in previous games. They seemed a little too confident and their play certainly lacked its usual keenness. As the game progressed they almost got into a rut, from which only a score could extract them. This score came none too soon and many spectators thought that if Captain Fred Pease's drop-kick had not gone cleanly between the J. B. A. A. uprights, the Wanderers would not have crashed their opponent's line for two tries, one converted.

THE OAK Bay team had the best of the play throughout. The Bays' scrum around their opponents' line. Though their scrum was out-healed by the Bays' pack, their forwards were superior in the loose, and Pease's dribbling was not up to par. It was a switch to their three quarters that brought them victory. They were scored by King and Partitt, both forwards, after line crashes. Tackling by both teams was erratic. TOM-TOMS BEAT AS INDIANS STAGE JAMBOREE HERE

Whites From City Throng to Songhees Potlatch Arena at Esquimalt

Tribes of Island Gather For Old-time Native Celebrations

Indians of Vancouver Island at the week-end staged in the potlatch arena on the Songhees Reserve overlooking Esquimalt Harbor an old-time jamboree reminiscent of the days before the white man came and well nigh monopolized the coast.

About as many white people attended the gathering of the tribes. After the theatres closed on Saturday night the Gorge road became jammed with motors heading for the Songhees Reservation. It was the big event of Victoria's Saturday night.

All the features of the old-time Indian gatherings on this coast were observed with the members' pride in their tribal traditions, except the potlatch itself, upon which the Dominion Government put the ban a few years ago.

DANCE AROUND BONFIRES
There was a grand Indian banquet early in the evening and by the time the motors from the city were jamming Admiral's Road and the city throngs were clamoring around the potlatch arena, the tom-toms were beating and the old-tribal dances were under way, around two bonfires on the earthen floor with the chanting of the old Indian songs of the hunt, of fishing and of war. The singing and the beat of the tom-toms could be heard over the whole upper Esquimalt district.

After midnight the tom-tomming became more vigorous as the enthusiasm of the gathering waxed.

Many of the braves and squaws were arrayed in the headdress and characteristic costumes that have come down with the traditions of their tribes. The party continued until around daylight.

OLD GATHERINGS HERE RECALLED
The jamboree recalled to old-timers the gatherings of thousands of Coast Indians on the former Songhees Reserve on the west side of Victoria harbor, for winter ceremonies and initiations under King Presley, head chief of the Songhees. These gatherings, usually ended with grand potlatches when the Indians, to show their hospitality, gave away everything they had. Gatherings of Coast Indians here have been common since the earliest day.

JUNIOR FOOTBALL
Results of Junior League football games played Saturday follow:

James Island 3; Oaklands 1.
Esquimalt 3; Royal Oak 1.
Y.M.C.A. 2; Victoria City 1.

Sir Robert Burnett Dies in London

London, Feb. 23.—Sir Robert Burnett, seventy-nine, famous as a physician, who was medical attendant to the Marquis of Lorne when he was Governor-General of Canada, died this morning.

CIGARETTE OUTPUT

New York, Feb. 23.—Cigarette production in January increased 698,403,409 from a month ago and decreased 480,316,703 from a year ago.

ARMORED CAR IS STATIONED IN VANCOUVER

Bullet Proof Hayes-Anderson Truck Carries Payrolls and Other Valuables

Vancouver, Feb. 21.—Shortly after Chief of Police Bingham took office two years ago, he pointed out the urgent necessity of a modern armored truck in Vancouver, as a preventive of holdups and payroll robberies. Such a truck has just been completed and is now in regular service here.

The operating company is the Loomis Armored Car Service, of which L. B. Loomis is the head.

Mr. Loomis has had many years' experience in Portland and other cities and has started his service here in response to a real demand for an up-to-date economical protective service.

It is a Hayes-Anderson truck, with many special features embodied in both chassis and body. This modern truck is geared and powered to move along at a fast rate of speed, with unusually efficient four-wheel hydraulic brakes that keep the car always under the instant control of the driver.

TWO COMPARTMENTS
The body is divided into two compartments, the driver's compartment in front and the body proper in the rear. The entire truck is lined with sixteen-gauge armored plate, specially imported.

It is interesting to note that the armored steel was obtained in only one city on the American continent—Chicago, of course.

All sides, doors, roof, floor, dash, bowling, etc., are 100 per cent armored.

How to Get Relief From Catarrh

If you have catarrh, catarrhal deafness, or head noises, go to your drug-gist and get 1 oz. of Parmit (Double Strength); take this home, add to it ½ pint of hot water and a little sugar. Take a tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need. (Adv.)

The outside covering is ordinary auto steel with a two-inch thickness of frame work before the armored plate is reached. The three-inch space is filled with felt, tightly compressed, to completely fill out the space.

This felt has the effect of turning from its course any bullet fired into the body from the outside.

BULLET-PROOF GLASS
Windshield and all windows are of bullet-proof glass, which is ¾-inch thick. Under test this glass has withstood rifle bullets fired at close range.

While, for obvious reasons, the internal details of construction and contrivances are not given out, it may be said that the messenger riding in the rear compartment has full control over the movements of the truck, as well as the driver, who sits at the wheel.

It is impossible to enter either compartment without the co-operation of those inside.

It is, of course, heavily armored with guns and other offensive weapons.

The complete chassis and body were built under one roof in the Hayes-Anderson factory on Second Avenue

Progressive Thought Club. — The Ladies' Club of the Progressive Thought Temple held a very successful silver tea at the home of Mrs. L. Wilkes on Wednesday afternoon. The rooms were tastefully decorated with spring flowers of various kinds. Mrs. Elder was the soloist and Mrs. Wylie, Johnson Street, was the winner of the hand-some jacket donated by Mrs. W. Payne. The club plans to hold its next meeting at the home of Mrs. G. Newstead, Brighton Avenue, on March 4, when the election of officers will take place.

MRS. T. A. HIAM HEADS GUILD

B.C. Handicraft Movement
Commended By Hon. R. L. Maitland

Vancouver, Feb. 23.—Mrs. T. A. Hiam was unanimously elected president of the B.C. branch of the Canadian Handicraft Guild at a meeting at Hotel Georgia Saturday night. Mrs. Hiam is the wife of Col. Hiam, assistant to the president of the Canadian National Railways for the Pacific Coast. Recognition of the handicraft efforts of the guild is being received by officers of the organization from numerous sources in British Columbia, according to officials. Annual reports were read by the secretary, Mrs. J. B. Radcliffe, and the retiring president, Mrs. R. C. Boyle.

Although unable to accept the invitation of the president to attend, Premier S. F. Talmie sent a representative in the person of Hon. R. L. Maitland, Minister without portfolio. Lieutenant-Governor R. Randolph Bruce wrote expressing regret at being unable to present.

In an encouraging address Mr. Maitland assured members that the provincial government is taking a keen interest in work of the handicraft guild.

"There is much demand for hand-made goods in British Columbia, which could be supplied," said Mr. Maitland. "We hope your work will continue and that you will build up your organization, strong and healthy, so that it will eventually become a landmark in Canada."

Although the handicraft guild has been established in eastern Canada for some time the B.C. branch is still comparatively young, this being its third annual meeting, it was reported. The auditors' report for 1930 was considered satisfactory. On January 1, 1930, the treasurer reported that there was \$109 in the bank. At the end of December the guild had accumulated \$485, all expenses having been paid.

Knox W.M.S.—W.M.S. Knox Presbyterian Church, Stanley Avenue, will hold its monthly meeting to-morrow at 2.30 o'clock. All who are interested in mission work are cordially invited.

OLDEST VICTORIA RESIDENT NEAR CENTURY MARK

Mrs. Harriet Carne Attains
One Hundredth Birthday
on Friday

Member Methodist Church 66
Years; Remembers Prince
Consort

It is given to few people to attain the century milestone along life's highway, while of those who pass the allotted span of three score years and ten and become centenarians still fewer retain all their faculties. But of such rare stuff is Mrs. Harriet Carne, Victoria's oldest resident, who on Friday will reach the ripe age of one hundred years and who is more alert and vigorous than scores of women twenty years younger.

BORN IN CORNWALL
It was on February 27, 1831, according to the family Bible, that old-time family chronicle of all births, marriages and deaths, that the then Harriet Richards was born in Cornwall, England, eleven years before the founding of Fort Victoria. Among memories of her childhood she retains a picture of Queen Victoria and the Prince Consort, whom she saw many times. Nearly seventy years ago she attended the opening by the Prince Consort of the bridge over the river Tamar, between Devonshire and Cornwall on which occasion the husband of Queen Victoria caught the cold which led to his death.

Engaged to the late Harry Carne in her early teens, Miss Richards came to New York in 1853, en route for Sault Ste. Marie, where Mr. Carne was engaged in mining and where they lived for two years. Here two of her children were born, and when Mr. Carne came out to California to seek fortune, Mrs. Carne returned to England for a visit. The intervention of the Civil War prevented her joining him for six years, and it was in October, 1864, that she and her little family sailed for Esquimalt to join Mr. Carne, who in the meantime had been in the Cariboo.

THEIR FIRST HOME
Their first home was at the old Victoria Hotel, opposite where the Post Office now stands. In 1865 they bought their first home, a house on the corner of School and Fort Streets, the property of Mr. J. A. Sayward's mother. The family attended the old Pandora Methodist Church, and Mrs. Carne and Mrs. David Spencer are the oldest surviving members of the First Methodist Church. Mrs. Carne has been a member of the Methodist church since her arrival in Victoria, for sixty-six years and on Sunday last she attended the services held to commemorate the starting of the Methodist mission here seventy-two years ago.

RAN ANGEL HOTEL
Mrs. Carne recalls the days when the Methodists used to hold their tea meetings at the St. Nicholas Hotel, just below where the Columbia Theatre is now. The admission for tea was \$1.50, which included a bounteous tea and a concert. For thirty-seven years Mrs. Carne ran the Angel Hotel, a pioneer hotel in this city, and the miners, coming out from the Cariboo, used to leave their precious "pokes" of gold with Mrs. Carne for safe-keeping until it could be shipped to the mint at San Francisco.

Mrs. Carne was one of the charter members of the committee of the Aged Women's Home, being associated with Mrs. Goodacre and Mrs. I. A. Gould in starting it, and she still retains an interest in the undertaking, although enfeebled health prevents her active participation in its management.

Mrs. Carne has four of her six children living. Mrs. J. L. Crimp, with whom she resides; Mrs. A. D. Whittier and Mrs. J. A. Grant, all of Victoria; and Mr. Fred Carne, who resided in Victoria until leaving for Berkeley, Cal., several years ago; also six grandchildren and six great-grandchildren.

BISHOP TO LECTURE AT ST. MARY'S HALL

To-morrow evening at 8 o'clock the Bishop of Columbia will give an address in St. Mary's Hall, Oak Bay, on the Lambeth Conference. The address will be illustrated by a series of fine slides shown by Archdeacon E. P. Laycock. The proceeds will be devoted to the funds of St. Mary's Girls' W.A.

FLAPPER FANNY SAYS

Miss Ethel Loughheed has returned to her home on Beach Drive after spending the last eighteen months in France and England, where she has been studying art and handicrafts. Her sister, Miss Margaret Loughheed, went over to Vancouver to meet her.

Miss Frances Bell, who is attending the University of British Columbia, Vancouver, has returned to the mainland after spending the week-end in Victoria as the guest of her parents, Mr. and Mrs. Wentworth Bell, McNeill Avenue, Oak Bay.

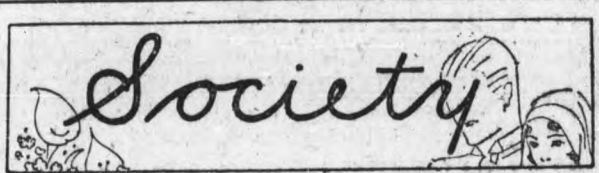

Mr. and Mrs. E. J. Dicker, 2671 Lincoln Road, announce the engagement of their eldest daughter, Ruth, to the eldest son of Mr. and Mrs. J. F. Jenner, 2206 Belmont Avenue. The wedding will take place March 28. Mr. Jenner is on missionary work in the West Indies.

Over two hundred guests attended the very successful "old time" dance held in the Sons of Canada Hall on Friday evening, it being the first dance of its kind this season. Old time music was furnished by the orchestra and a number of old time dances were introduced into the programme and much enjoyed by the many guests.

OLDEST RESIDENT IN VICTORIA

Mrs. Harriet Carne, who on Friday will attain her one hundredth birthday, was born in Cornwall, England, on February 27, 1831, according to an entry in the family Bible in her possession. She resides with her daughter, Mrs. J. L. Crimp.

His Honor the Lieutenant-Governor entertained at a luncheon at Government House to-day in honor of Mr. E. W. Beatty, K.C., president of the Canadian Pacific Railway. Other invited guests were: Mr. D. C. Coleman, Hon. S. F. Tolmie, Hon. R. H. Pooley, Hon. J. W. Jones, Mr. C. A. Cotterell, Col. R. M. Chaplin, Capt. J. W. Troup, Col. J. S. Dennis, Capt. C. D. Neeroutos, Mr. J. W. Hobbs, Mr. F. E. Meredith, Mr. H. E. Beasley, Mr. J. M. Cameron, Capt. E. Alkman, Mr. C. P. Hill, Mayor Anson, Mr. J. G. McNab, Mr. H. F. Matthews, Mr. J. W. Spencer, Mr. A. T. Howard, Mr. B. C. Nicholas, Mr. J. S. H. Watson, Mr. D. J. Angus, Mr. Frank Ward, Mr. W. H. Cleland, Capt. W. H. Molson, M.C., and A. M. D. Fairbairn.

Miss Vida Shandley, Fairfield Road, will leave to-morrow for Vancouver to spend a week there as the guest of friends.

Mrs. R. Rome has returned to Victoria after spending a few days in Vancouver, visiting her sister, Mrs. Bruce Mackenzie.

Dr. and Mrs. Max Inglis will return to the city on Wednesday and take up their permanent residence in the "Bungalow" corner York Place and Oak Bay Avenue.

Mrs. Roy Pendray of Calgary, who has been visiting in Victoria with her parents, Mr. and Mrs. A. Pendray, Belleville Street, and with Mrs. J. Carl Pendray, Beach Drive, has returned to her home in Alberta.

Mrs. R. J. Cummins of Vancouver and her daughter, Miss Shirley Cummins, are visiting in Victoria as the guests of Mrs. Cummins's mother, Mrs. J. Carl Pendray, Beach Drive.

Mrs. S. S. Burnett, Waldron Apartments, left yesterday for California, where she will join Mr. Burnett in San Diego and where they will make their future home.

Mrs. Bert Blair of Vancouver is visiting in Victoria as the guest of her parents, Mr. and Mrs. A. Plimley, Fort Street. Mr. Blair was a visitor here over the week-end and returned last night to his home on the mainland.

Mrs. Howard Barker and Miss Dobson of Nanaimo, who have been visiting in Victoria as the guests of their brother-in-law and sister, Mr. and Mrs. Paul Mitchell, Bank Street, have returned to their home up the Island.

Col. and Mrs. W. H. Laws of Vancouver have been visiting at Naasau, the Bahamas, as the guests of Hon. G. T. Watts, Attorney-General of the Bahamas. Mr. W. H. Malkin, ex-mayor of Vancouver, was also a recent visitor to the islands.

Miss Ethel Loughheed has returned to her home on Beach Drive after spending the last eighteen months in France and England, where she has been studying art and handicrafts. Her sister, Miss Margaret Loughheed, went over to Vancouver to meet her.

Miss Frances Bell, who is attending the University of British Columbia, Vancouver, has returned to the mainland after spending the week-end in Victoria as the guest of her parents, Mr. and Mrs. Wentworth Bell, McNeill Avenue, Oak Bay.

Mr. and Mrs. E. J. Dicker, 2671 Lincoln Road, announce the engagement of their eldest daughter, Ruth, to the eldest son of Mr. and Mrs. J. F. Jenner, 2206 Belmont Avenue. The wedding will take place March 28. Mr. Jenner is on missionary work in the West Indies.

Over two hundred guests attended the very successful "old time" dance held in the Sons of Canada Hall on Friday evening, it being the first dance of its kind this season. Old time music was furnished by the orchestra and a number of old time dances were introduced into the programme and much enjoyed by the many guests.

WOMAN MAYOR OF LIVERPOOL DIED SUNDAY

Miss Margaret Beavan, Ex-Lord Mayor, Known as "Little Mother"

Organized Wonderful Child Welfare Work in Merseyside City

Liverpool, Feb. 23.—Liverpool to-day mourned Miss Margaret Beavan, first woman to become its lord mayor and known as "little mother" because of her interesting child welfare work. She died here yesterday after a brief illness.

Although weighing only 125 pounds she was a forceful public speaker, and served successively as justice of the peace, member of the city council and lord mayor of Liverpool. In 1929 she ran for the House of Commons as a Conservative, but was beaten by the Labor candidate, Derwent Hall Caine, son of the novelist.

She organized the Liverpool Child Welfare Association, which has assisted more than 100,000 children, and has maintained 30,000 in homes and special hospitals.

The former lord mayor received many offers of marriage. During her mayoral speech of farewell to some Salvation Army girls she advised them not to remain spinsters.

"It is all right when you are young," Miss Beavan told the girls, "but when you are getting on, you want a man to look after you."

In speaking of her own refusal to be married, reiterated many times, she declared: "I have enjoyed freedom too long. Men are just good pals for me."

News of Clubwomen

Emmanuel Concert.—The Women's Auxiliary of Emmanuel Baptist Church will present their annual concert to-night at 8.15 o'clock in church school-room.

Loyal True Blues.—Loyal True Blues, Capital City No. 303, held their eleventh annual banquet on Friday last in Harmony Hall. Guests of the evening included representatives of the B.C. County Lodge C-100, the three lodges of the L.O.B.A., the L.O.A., and the P.G.L. of the L.T.B.A. of B.C. Sister Giddens, P.O.M., who was the guest of honor, cut the birthday cake. Toasts, songs, recitations and games were the programme for the evening. Masters Jim and Bob McVie delighted everyone with their songs. Mrs. A. G. and E. Brown, W. Mistress, and Mrs. Crestine, the Deputy, will be delegates. Mr. Galloway representing the board of directors for the Loyal Protestant Home, and Mrs. Galloway the G.L. of B.C. On March 6 the social committee will hold a 500 drive in Harmony Hall when good prizes will be given. An energetic committee have prepared a splendid programme for a concert to be held on Thursday, April 2.

St. Andrew's and Caledonian Society.—Under the auspices of the St. Andrew's and Caledonian Society, a card party and social evening (in connection with the drive for funds) will be held at the home of Mr. and Mrs. T. F. Wallace, 2638 Blackwood Street, on Wednesday evening at 8 o'clock. A cordial invitation is extended to all members and friends.

Colfax Lodge.—The regular meeting of Colfax Lodge No. 1, L.O.O.P., will be held on Tuesday evening, February 24. The social is in charge of the vice-grand's team, and following a short business session there will be an old-time dance. Cards will be arranged for those who do not dance and refreshments will be served. A cordial invitation is extended to all Rebekahs, Odd Fellows and their friends to be present. Members of Colfax Lodge are kindly requested to bring contributions for a grocery store for a needy family.

Pianoforte Recital.—The pupils of Mrs. Marion MacGowan held their monthly recital on Friday evening in Quadra Street School auditorium, under the auspices of the Quadra P.T.A. The programme consisted of pianoforte solos and duets. Jack Southwell, accompanied by Miss Helen Riley, rendered several vocal solos which were very much enjoyed. The pianoforte class demonstration also added interest to the programme. Those taking part were: Alice Bleasman, Phyllis Mills, June Hodgkinson, Strang Guernsey, Alice Quayle, Margaret George, Owen Peacock, Hilda Jacques, Joyce Harvey, Mildred Morris, Joan Lucas, Thora Harrison, Betty Muncey, Flora Campbell, Christine Schmelz, Doreen Mills, Wilfred Wesley, Mrs. Adams, Robert Taylor, Vernon Wesley, Elvira Grey, Kathleen Brown and Helen Riley.

Lodge Meeting.—Court Maple Leaf, No. 202, A.O.F., will meet to-night at 7.30 o'clock in the A.O.F. Hall. At the conclusion of the business a partner court whist will be held.

Victoria Women's Institute.—The Victoria Women's Institute at its monthly meeting on Friday afternoon gave consideration to assisting the Western Association of the Blind in their petition for pensions. Plans were discussed for creating a home-crafts fund, in order that members might more easily procure materials such as wool and glove leathers for hand-crafts. An invitation was received for Esquimalt W.I. to a birthday party on March 17. A short address was given by Mr. J. R. Terry, provincial poultry instructor, on "The Farming of Poultry Clubs for Young

YOUR ASSURANCE

As will be testified by consultants, we never advise glasses unless we are sure they are necessary. Our first and greatest concern is, viz., the best interest of those whose eyes we examine. This simple honesty of policy we find is not only to the advantage of our patients, but it also redounds to the increase of our practice, through the kind recommendations of those whom it has been our privilege to advise.

Metropolitan C.G.I.T. Banquet—About seventy Metropolitan C.G.I.T. girls, their mothers and guests sat down to a dainty supper in the school-rooms of the church on Friday evening. Two long tables had been very prettily decorated in the colors of the two groups and the judges found it impossible to say which was the most artistic and original. Following the supper a short sing-song, led by the two group leaders, Louella Harper and Maquinn Daniels, opened a programme of short addresses, interspersed with music. "The Quest of Beauty" was

dealt with by Miss Rita Sargent; "The Quest of Knowledge" by Dorothy Pearce; "The Quest of Service" by Patsy Stipe and Miss Gladys Beall, while Mrs. Freeman summed up with "The Quest of Jesus." Group songs and yells were given and Rita Keeler sang the theme song "Take Us on the Quest." Rev. Dr. C. T. Scott, in a few words, complimented the girls on their work and the programme concluded with a tableau staging the "Quest Ceremonial."

Ice boats often attain a speed of 120 miles an hour.

Society

Mrs. Biggarstaff Wilson left on Saturday for California to visit her son-in-law and daughter, Mr. and Mrs. T. S. Lampman, near Del Monte.

Mrs. F. H. Sterling, Terrace Avenue, left yesterday afternoon for Seattle en route to Santa Barbara to spend a few weeks in the South.

Mrs. L. S. V. York, Fort Street, left yesterday afternoon for Vancouver to spend a week there as the guest of her cousin, Miss Iris Bastedo.

Captain and Mrs. C. D. Nerouso, Joan Creighton, have returned to Victoria from spending the week-end in Vancouver.

Mrs. W. Sloan, Windsor Road, Oak Bay, has returned to Victoria from Naino where she spent the week-end as the guest of friends.

Mrs. Frank Stead of Vancouver, has returned to her home on the mainland after spending a few days in Victoria as the guest of Mr. and Mrs. Albert F. Griffiths, The Uplands.

M. Maricheau-Bespre, distinguished French litterateur, who was expected to arrive in Victoria to-morrow, has been delayed in Chicago because of illness. His address before the French societies and students of Victoria is therefore postponed.

The piano pupils of Miss Olga Hare took part in a very successful studio recital at her home on Saturday afternoon. After the musical programme Miss Hare was presented with a beautiful silver basket by little Miss Ruth Horton, as a token of appreciation from her pupils. Tea and dainty refreshments brought the affair to a close. Among the pupils taking part were: Marcia Prior, Pat Ellis, Gwen Gardiner, Milva White, Ruth Horton, Joan Pickles, Doreen Phelan, Ruth Sanda, Ruth Saunders, Lillian Young, Jocelyn McCarter, Gerald White and Douglas Saunders. Prizes were awarded for highest marks in examinations to Marcia Prior, Milva White and Ruth Sanda.

Mr. and Mrs. Clifford Collison entertained yesterday afternoon at the tea hour at their home on Newport Avenue, Oak Bay, in honor of Mr. and Mrs. N. A. Beketov of Winnipeg, who are visiting Mrs. Beketov's parents, Mr. and Mrs. J. J. Collison, The Uplands. The guests included Mr. and Mrs. Beketov, Mr. and Mrs. R. N. Collison, Mr. and Mrs. Oliver Pauline, Mr. and Mrs. George Tyson, Mr. and Mrs. L. F. Friend—Oh, did he have a row with the referee?

A Lesson in Child Training from the Orient—

Chinese Children Are Taught to Follow Examples, Not Commands

They're Spoiled According to Western Standards, Reports Woman Author Now Lecturing in United States

By JULIA BLANSHARD

Mothers who are worrying about pre-school Mary and John might get tremendous consolation listening to Florence Ayscough, authority on Chinese culture, describe the traditional Oriental system of education. We are so careful about a child's first years—those formative pre-school years that our pedagogues and behaviorists tell us make or mar the life-time character.

Not the Chinese! Mrs. Ayscough explains that the traditional Chinese upbringing that beget loyal, model children consisted in letting youngsters do what they want, to.

THEY LEARN BY IMITATION "The Chinese pay no attention whatsoever to moulding the character and habits of children or exacting obedience while the children are still young. That comes later; through the older children imitating their elders," Mrs. Ayscough said.

Mrs. Ayscough, who is lecturing in America this spring, was born in China. Her father owned a line of steamers that sailed the Yangtze, she grew up there, was married there and has spent most of her life there. In the many courtyards of her home at Kiangsu on the Yangtze, several families of Chinese children grew up.

"These children are loved and, according to western standards, spoiled," Mrs. Ayscough said. "Especially the boys. But of course the Chinese think some western notions of upbringing the height of absurdity. They have never been able to see why we command children. They say, 'Until a child is old enough to appreciate

FLORENCE AYSCOUGH

an example, why is he to be bothered with commands?" Little Chinese children, under the old traditional system, were always allowed to do what they liked, without interference or rules. Mrs. Ayscough mentioned discussing the diametrically opposed ideas of

child training with her teacher, "Mr. Cultivator of Bamboos."

"A child has a natural impulse to disobey orders," he explained the old Chinese views to her. "A child has just as natural an impulse to imitate its parents," he continued. "Just consider these two impulses, let the child do as he wishes, do not restrain him and in time he will begin imitating his elders and grow into a son who will be most considerate and obedient."

A STUDENT OF CHINA

Mrs. Ayscough has been interested in hundreds of little Chinese children during her years in the Orient, children of the servants around them, of her Chinese friends, the tiny apprentices who worked on her Chinese house.

She is steeped in Chinese lore, Chinese philosophy as only the exceptional rare person spending a life time there can become steeped. She has always spoken Chinese and read it, though she has a modesty about her accomplishments born of living in the Orient, tremendously pleasing in contrast to the usual American swag.

In her "A Chinese Mirror" Mrs. Ayscough passes on to the reader much of the richness, the beauty of China that English books seldom catch. It was Florence Ayscough with whom Amy Lowell wrote the "Pir-flower Tablets," an English version of some beautiful old Chinese verses.

Heed the Moral Shady Garage Proprietor: How much did you charge him on his car? Mechanic: Fifty dollars, sir. "What was the matter with his engine?" "No gasoline, sir."

Self-protection "What's the idea of all the luggage? Are you and the wife going on a long trip?" "No, my church is holding a rummage sale which my wife is going to attend. I'm taking all my things over to the office."

No Ill Effects "I consider kissing's unhealthy." "Well, I've never been—"

A plan for construction of twelve national arterial highways is under consideration by the Nationalist government of China.

Did Sound Strange

Heavyweight—Yes, my opponent had to be taken to hospital with a broken nose, two black eyes, a twisted shoulder-blade, and a fractured jaw. Friend—Oh, did he have a row with the referee?

Fixing It Up

"I say, you might do Schmidt a good turn and lend him \$25. His creditor is pressing him very hard." "Oh, to whom does he owe the money?" "To me."

YOUR BABY and MINE

By MARY METER ELDER

Advantages of Different Types of Diapering

Some of the commoner obstacles encountered by mothers are not of grave import, but they are just as annoying as if they were. Since diapering the baby is a daily duty running well into the second year, in most cases, the disadvantages or advantages of different types of diapering, their absorption qualities, and their ease of laundering are points which can bear discussion.

"Some Young Mothers" write collectively, "Will you help a group of young mothers by answering some of these questions about diapers?"

"1. What material is most absorbent?" "2. What sizes are best?" "3. In using two of them, folded to a nine-inch square and a twenty-two inch one, as you advised one of us to do, how do you put these on?"

"4. Can a child be made bow-legged from the use of two thick diapers?" "5. Are the triangular, rubberized diapers to be condemned the same as the rubber bloomers?"

"We all read your articles daily and will be glad to see a discussion of these questions."

THREE TYPES There are three types of diapering: biddy cotton, the usual width being thirty by thirty and twenty-seven by twenty-seven; flannellette or cotton flannel which comes in the same sizes (both of these diapers may be bought already hemmed); and hospital gauze

which is purchasable in bolts thirty-three inches wide. All of these diapers may be folded into squares ranging from thirteen and one-half to fifteen inches; and the hospital gauze, when cut thirty-six by fifty-two inches, may be folded to an eighteen-inch square. My personal preference is for the cotton biddy or the hospital gauze though there are many mothers who prefer the flannellette diaper especially in the cold months.

If a small diaper is used inside of a larger one, this gives greater absorption where needed and no additional bulk around the waist.

SQUARE DIAPERS Put square diapers on in this manner: lay baby on the square. Pull the two lower corners between the legs, then lap and fasten with large safety-pins at each side of the waist, the lower corners meeting the upper ones there. Then draw the diaper snugly about the knee and fasten there. The square diaper takes four safety pins, the triangular are only three. The square diaper when adjusted looks like a small pair of bloomers and is now the accepted style.

Unless the baby has rickets a diaper could have no possible effect on his bones; if he has rickets, any unusual pressure might bow the legs since the bones would be soft and bendable.

There is no harm in using a triangular, rubber diaper over the cotton ones for temporary use. This is far less undesirable at any time than the bloomers which encase the child in rubber from waist to knee.

ATTENDS SCHOOL WITH HER KIDDIES

After eleven years of married life, Mrs. Mamie Sloan, twenty-six, of Tellico Plains, Tenn., has gone back to the schoolroom she left fourteen years ago, determined not to let her children get ahead of her, even though she has to hurry home from classes to do her housework. She is shown here with her three children who attend the same school; Osborne, ten, who is in the same grade with his mother; Gladys, six, and Louise, four.

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creosote is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

FOR THE COUGH OR COLD THAT HANGS ON

Minister Will Address Women On Unemployment

Hon. W. A. McKenzie, provincial Minister of Mines, will address the annual meeting of the Provincial Council of Women on Wednesday afternoon at 4 o'clock on the subject "Some Phases of Unemployment."

The meeting will be held in the New Theatre Hall, Fort Street, and will be attended by delegates from the six local councils of the province as well as interested members of the affiliated societies. The afternoon session will commence at 3 o'clock and the evening session, which is to be held in the Alexandra Club, will commence at 8 o'clock.

V.O.N. Sewing Meeting—A sewing meeting of the Victorian Order of Nurses will be held to-morrow afternoon at 2.30 o'clock at the home of Mrs. Goulding Wilson, 608 St. Charles Street.

Customary "If you die first, dear, you'll wait for me on the other shore, won't you?" asked the wife. "I suppose so," sighed the husband. "I never went anywhere yet without having to wait for you."

He—We're coming to a tunnel—are you afraid? She—Not if you take that cigar out of your mouth.

WOMEN WHO BUY "SAANICH" BRAND CLAMS

... are able to save money. Also they are purchasing a product of quality and supporting home industry at the same time. One can of "Saanich" Brand Clams, together with ingredients, will make a "square" meal for three.

HOME OWNER'S WEEK

This is home owners' week. The real estate agents advertising on page 14 are offering special bargains all this week.

It Will Pay You to Look at Them!

Some of Life's good things may be only a few breakfasts away

now you'll like BRAN

Post's Bran Flakes So Effective So Delicious

THAT tingling up-and-at-'em feeling! Have you got it? That wonderful conviction that you'll whip each day's whole bag of tasks! Do you crave it? Quick eye—cheerfulness—these are some of Life's Good Things.

But you can't have them if you neglect constipation. You can have them if you thoroughly eliminate waste matter daily by eating more roughage. Make this two weeks' test: it will start you on the road to some of Life's Good Things. Eat Post's Bran Flakes every morning. Eat it as a cereal with milk or cream. And delight in these crisp, golden flakes—miracles of goodness.

What a difference you'll find! How much better you'll feel! How much brighter the world! Don't stop at the end of two weeks, though. For enjoyment—for health and regularity eat Post's Bran Flakes every morning.

Seattle Hockey Fans Throw Original Missiles at Referee

Reports Say "Newsy" Lalonde Fired by Ottawa Owners

Lalonde Faced Difficult Task With Players Against Him

Reg Noble, One of Real Veterans in National Hockey League

HOCKEY fans all over the country are always finding something new to throw at the poor defenceless referee who, through some odd chance, is down there in the ice. These spectators are really original when it comes to thinking up new things to hurl. But for something absolutely new in conflict, Seattle patrons take the cake. The other evening, when the Eskimos were opposing Portland, one excited fan, reaching for something to toss, grabbed his watch and hurled it onto the ice, although examination by the timekeeper showed it to be about a \$2 tucker. Another gent could find nothing but a silver \$1 to toss to a Portland defence player.

This brings to mind a humorous incident that occurred at a hockey game in Victoria a couple of years ago. The Victoria Cubs were engaged in a heated argument with Vancouver and the fans were riling Referee Mickey. One of the fans was favoring the visitors. During one outbreak with fan standing alone to the timekeeper's box and newspaper, he threw a heavy missile came sailing down out of the gods. However, instead of hitting the package landed on the top of the timekeeper's cranium. There was a loud plunk and dozens of tacks scattered all over the place. Luckily no serious damage was done. Other missiles seen at local games included: over-ripe tomatoes, hub-caps off the Ford and nuts and bolts.

Reports from the East point that "Newsy" Lalonde has in reality been released by the Ottawa Hockey Club owners and that the story about his illness being a cover-up act, Lalonde joined the Senators last season at a time when it is alleged, the majority of the players favored the appointment of Eddie Egan as coach. Nighbor had been with the Senators for so many years it was felt that he would be the ideal man for the position. However, the owners thought differently and signed Lalonde and traded Nighbor to Toronto for Danny Cox.

Under the conditions Nighbor faced a stupendous task at Ottawa. No coach who fails to get the support of the players can expect to win. The results, then, too, Lalonde ran into tough times when "King" Clancy, star defenseman of the Senators, was sold to Toronto. Ottawa lost two players from Toronto. Eddie Pettigrew and Art from Toronto. Lalonde was not satisfied with the owners. With Smith and Pettigrew unable to help the Senators, the Clancy deal has proven costly. Ottawa lost \$35,000 for his services but weakened the team. The Clancy transaction practically cost Lalonde his job.

One of the real veterans of the National Hockey League is Reg Noble, defenseman of the Detroit Falcons. Noble, who has been coming in the Calder circuit since 1916, a matter of fifteen years, is a regular with the Falcons and, strange to relate, is often out there for the entire seventy minutes. His checking and all-round judgment has been a big help to the Falcons.

Noble is 36 years old and is a native son of Collingwood where he played as a junior and then came to Toronto and joined the Riversiders of the Ontario Hockey Association and this club won the championship. The next year he was signed by Eddie Livingstone of Toronto and believe it or not his contract called for \$530 for the season with a bonus if they won the championship.

About the middle of this season there was some trouble in the league and the Toronto players were divided among the other clubs and Noble went to the Canadiens and they won the championship and went out west to play Seattle for the Stanley Cup.

The next season Noble was returned to the Toronto Arenas. This was the club that Eddie Livingstone and the Arena argued about in the courts over ownership and incidentally they won the championship and the Stanley Cup from Vancouver. In 1923 Noble was captain and playing manager of St. Patrick's who also won the Stanley Cup, and in this series his present boss, Jack Adams, played with Vancouver.

In 1924 Noble was sold to Montreal Maroons and started in as a defence man. He played with Duke Munro for the Maroons in 1925 when they won the Stanley Cup and three of the games with Victoria were shut-out victories. In 1927 Munro and Noble went to Detroit for \$7,500 and he has been a valuable asset to his old pal, Jack Adams.

JORDAN RIVER HOOPSTERS WIN BY LONE POINT

Scoring twenty-nine points to the J.B.A.A.'s twenty-eight, Jordan River's track senior men's basketball team won a close victory over the orphans at the George gymnasium on Saturday evening.

Art Boyd starred for the power plant men, netting eighteen points, while Gordie Wiloughby scored seven. Sammy Smith and Allan Wright led the losers with nine points apiece.

Gotham Club Turns Back Philadelphia; Falcons In a Draw

Rangers Defeat Quakers 6 to 1 in One-sided Game; Detroit and Chicago Battle to 1-1 Score; Toronto Defeat Boston in Brilliant Exhibition; Canadiens Overcome Four-goal Deficit to Win Over Americans; Ottawa and Montreal Fight to a Draw.

Canadian Press

Toronto, Ont., Feb. 23.—Displays of wide-open hockey and prolific scoring marked the five games played in the National Hockey League over the week-end. Several remarkable victories were registered.

New York Rangers made the only move in the standings by decisively whipping the tail-end Philadelphia Quakers, 6 to 1, to edge Detroit Falcons from a tie for third position in the American group. The motor magnates were held to a tie in Detroit by the Chicago Black Hawks, seventy minutes of thrilling hockey producing but one goal apiece.

PEDENS WIN OVER TACOMA IN OVERTIME

Local Senior "A" Basketball Champions Score 39 to 38 Win Over Sun Life

Lloyd Jones Stars With 22 Points; Duncan Defeats Royals 39 to 28

Playing the best basketball they have exhibited this year, Peden Brothers Senior "A" local champions, handed the Sun Life Insurance Co. quintette from Tacoma, a surprise package on Saturday night in the Y.M.C.A. gymnasium, in the form of a 39 to 38 defeat in overtime. The locals packed a sterling defence on the small floor while Lloyd Jones had a great night offensively, collecting twenty-two of his team's total of thirty-nine points.

In a Vancouver Island championship battle, the Shell Oil Intermediate "B" squad from Duncan practically checked the lower Island honors in this division when they handed the local Royals a 39 to 28 lacing.

Peden took an early lead, and after five minutes of play were never within a score of the visitors. The game was a close one, with Peden leading throughout the contest. At half time Peden were leading 16 to 14, mainly through the ability of Jones to find the hoop.

In the second half the locals increased their lead gradually up to within three minutes of full time when Tacoma rallied. At this time the locals were leading 36 to 32 only to have Tacoma hold one through the hoop from the side, and then to have Tillison score the tying basket from outside centre when there was three seconds left to play.

With the opening of the overtime, Ross scored from well out at the side to give the locals the lead once again, while Jones added a free throw. Crowe scored the only basket for the invaders in this overtime period, when he scored another long shot.

Lloyd Jones took the scoring honors with twenty-two points, most of his baskets coming from shots underneath the hoop when the visitor's zone defence failed to function. Crowe of Tacoma gave a marvelous exhibition of snap shooting, collecting nineteen points while he missed a total of three shots apiece.

The teams and individual scores follow: Peden—Jones (22), Robertson (2), Patrick, C. Chapman (2), A. Chapman (2), Little (2) and Ross (4).

Tacoma—Crowe (19), Gibson (2), McDougal (6), Dayton, Tillison (4), Mazza (4) and Bailey (3).

Gaining a 30 to 10 lead in the opening half, the Shell Oil Five had little trouble defeating the Royals. Evans with twelve and Pitt with ten points were the leading scorers for the visitors, while Clark and Caddell collected ten and nine points for the locals.

The teams and individual scores follow: Duncan—Pitt (10), Dickie, Evans (12), Smythe (5), Fletcher, Motishaw (3), Collier and Stork (5).

Victoria—Caddell (9), Bradley (9), Prior, Clarke (10), Gelling and Brown.

Manitoba Grads Will Make Tour Of Great Britain

London, Feb. 23.—Four international ice hockey teams, including the Manitoba University grads, representing Canada, will visit England next month at the invitation of the British Ice Hockey Association. The other three teams will be Austria, who hold the European championship, Switzerland and France.

The Canadians, who have been marching from victory to victory in their recent games on the continent, will open tour with a game at Brighton on March 3 against an all-British team. The United States team is to pay a flying visit to England this week, and will play the British team at Golders Green on Tuesday. They will sail for home on Wednesday.

Morenz Grabs Off Leadership Again In N.H.L. Scoring

Leaders in the various departments of the National Hockey League follow:

CANADIAN SECTION
Team—Canadiens played 25, won 22, lost 3, tied 5, 49 points.
Most points (goals and assists)—Morenz, Canadiens, 24 goals, 18 assists, 42 points.
Most goals—Morenz, 24.
Most assists—Primeau, Toronto, 8.
Most penalties—Leduc, Canadiens, and Lamb, Ottawa, 76 minutes each.

AMERICAN SECTION
Team—Boston, played 36, won 23, lost 8, tied 5, 51 points.
Most points (goals and assists)—Goodfellow, Detroit, 22 goals, 18 assists, 40 points.
Most goals—Bill Cook, Rangers, 26.
Most assists—Boucher, Rangers, 22.
Most shutouts—Chicago, 9.
Most penalties—Rockburn, Detroit, 110 minutes.

Caruso In Driving Finish To Capture Washington Handicap

Four-year-old Colt From Stable of W. R. Coe Subdues Classy Field at Agua Caliente; Returns \$22.80 for Winning Tickets; Good and Hot Second and Up Third; Satin Spar Gets Into Jam; Nevada Queen, Recently Purchased by Marion Hollins, Wins Two-year-old Feature.

Agua Caliente, Mexico, Feb. 23.—Caruso, fleet four-year-old colt from the stable of Wm. R. Coe, won the George Washington Handicap, \$5,000 added stake, at a mile and one-sixteenth, at the Agua Caliente Jockey Club yesterday afternoon.

Good and Hot was second and Up third. Time for the distance was 1:45. Mutuel tickets on Caruso were worth \$22.80 to win, \$15.80 for place and \$5.80 to show.

Caruso, off well, gained steadily in the run down the back stretch and took the lead in the stretch, lasting to win by a half length in a driving finish. Good and Hot came up fast in the stretch to overtake Up in the final strides for the place.

DRAWN GAMES ARE FEATURE

Three Tie Games Seen in International League Hockey; Chicago Spring Upset

Toronto, Feb. 23.—It was a "no-decision" programme in the International Hockey League over the week-end. Three matches were played but all ended in stalemates.

Pittsburgh Yellow Jackets played on successive nights and garnered two points to jump into third place. The Yellow Jackets battled the league-leading Buffalo Bisons to a two-to-one tie in Fort Erie Saturday and then moved over to Syracuse where they were held to a scoreless draw by the cellar occupants.

Windsor and Cleveland participated in the Ohio deadlock. The game, played in the Ohio state capital, ended in a tie after overtime had elapsed. Captain Al Gray then skated from end to end to score. Lorne Duke then dashed clear through the entire Cleveland team to notch the equalizer with only a few seconds remaining to play.

Chicago, Feb. 23.—Instead of bowing to the mighty mammoth of Tulsa's hockey machine as they were expected to do, Chicago Shamrocks today were still ten points back of Tulsa but satisfied with their full measure.

Fleet Bobby Burns, dark-haired wingman out of Gore Bay, Ontario, engineered a second major triumph for an impressive triumph, scoring one goal himself and passing to Eddie Wiseman for the other.

Wiseman got an assist on Burns' goal. To stay even with Chicago, the Tulsa team won Saturday afternoon when they defeated the Chicago Shamrocks by a 4 to 3 score in a sparkling overtime game at the ice arena before one of the largest crowds of the season.

The deciding goal came after three minutes and twenty-two seconds of overtime play. Jennings poking the disc past Jack Riddell. Joe Fritz had tied the score for Tulsa just fifteen seconds before the end of the third period, when Winnipeg led, 3 to 2.

The fine exhibition of hockey followed a wild and woolly contest that found university smothering West Seattle-Madrona, 11 to 4.

Seattle, Feb. 23.—A hustling Canadian Pacific team from Winnipeg yesterday evening handed Ballard's City Hockey League leaders a 4 to 3 defeat in a sparkling overtime game at the ice arena before one of the largest crowds of the season.

CHAPMANS SET BOWLING MARK

Vancouver Tenpin Bowlers Establish Canadian Record With 3,276 Score

Vancouver, B.C., Feb. 23.—What is believed to be a Canadian tenpin bowling record was made here Saturday night in the opening play of the international bowling sweepstake, when Chapmans of Vancouver crashed the Maple for a total of 3,276 pins, rolling on six different alleys. The team was composed of James Maxwell, Bert Traylor, Jack Hutchinson, Ernie Kirkpatrick and Joe Merrick.

The score, 80 pins as can be learned, is a Canadian record and higher by seventy-seven pins than the record title winning score of 3,199 made by Ted Shops of Milwaukee, Wisconsin, A.B.C. tournament champions, in 1927.

Local teams only bowled in the first day's programme. To-day United States entries from Seattle, Tacoma, Everett, Bellingham, Everett, Sedro-Woolley and Anacortes swung into action.

Plans Completed For Big Gala At Garden To-morrow

Plans for the swimming gala to be held at the Crystal Garden to-morrow evening for the entertainment of visiting golfers in the Empire midwinter tourney, were completed this morning and several good contests were looked for.

Scores of entries have been received for the different races and a high class of competition is expected.

Plans for the swimming gala to be held at the Crystal Garden to-morrow evening for the entertainment of visiting golfers in the Empire midwinter tourney, were completed this morning and several good contests were looked for.

Scores of entries have been received for the different races and a high class of competition is expected.

Arsenal Are Headed For New Goal Record In English Football

Leaders in First Division Within Nine of Record of 105, Held by The Wednesday, With Thirteen Matches to Play; 55,000 See Aston Villa Blank Birmingham; Motherwell, Celtic and Rangers Continue Hot Race for Lead in Scottish First by All Winning Matches; Marshall Scores Lone Goal to Give Rangers Win Over Kilmarnock.

Canadian Press

London, Feb. 23.—Running into the back stretch in the thrilling final dash for the English Football League, First Division championship, the vivid red of the Arsenal is showing well to the fore. On Saturday they seized on the opportunity provided by meeting the wooden spoonists of the division, Manchester United, to annex a couple of points. Aston Villa consolidated their position in second place when they defeated their fellow citizens from Birmingham and The Wednesday dropped to the third position at Manchester, where the City club pulled off a brilliant win. Arsenal are headed for a new goal record as they are within nine of the First Division season record of 105 held by The Wednesday and have fifteen more matches to play.

While the Arsenal won handily by 4 to 1, Manchester United surprised the 40,000 people at Highbury by putting in a goal through Thomson in the first minute. Arsenal rapidly improved and Hume equalized in the twenty-first minute. Fine passing between James, Bastin and Hume enabled Jack to lead Arsenal ahead. Then Brain scored just before the interval. Manchester put up a great fight in the second half and played with dash, trying to reduce Arsenal's lead. Arsenal gained their fourth goal in the twenty-first minute of the half through Bastin.

55,000 ATTEND
Aston Villa blanked Birmingham by four goals in a game which was watched by 55,000 people.

The Villa checked at the outset. Tate opened the scoring for the Villa with a magnificent shot. After repulsing strong attacks the Villa took the lead in the second half. Mandley, Beresford and Houghton all scored in quick succession. The former Arsenalite, Halliday, scored the two goals for Manchester City, which pushed The Wednesday into third place in the averages.

Chelsea, who were beaten at Sheffield by the United Club by 4 to 0, rested Crawford and resumed in view of next week's cup tie struggle. United scorers were: Dunne, twice in the first half, and Gibson and Pickering.

Bedford, Derby's former international, greeted his old club as captain of Newcastle United, and scored a brilliant goal. Newcastle won by 5 to 1. Wilkinson did the hat trick for the United and Boyd had the odd corner. Puddefoot, with a great drive won Blackburn's victory against his erstwhile teammates from East London, West Ham.

Cannell's stunning shot snatched victory from Sunderland, who drew with Middlesbrough, and reunited spectators of the days when he held the goal-scoring record.

A TOTTENHAM SHOT
Tottenham Forest held the unconquerable Everton blank throughout a second division match during the first half, though Dean hit the post with a terrific sixty-yarder. But the Everton pressure could not be withstood. Johnson, who had scored eight minutes in the second half, thereby securing Everton's hundredth goal for the season. Dunn added their second, which completed the scoring.

Tottenham Hotspur dropped valuable points as did West Bromwich Albion and Wolverhampton Wanderers in place for second place in the division. In the first half of the match between the Spurs and Burnley, Vernon scored for Burnley following a solo dribble and after Harper had missed a chance for the Spurs Robb added a second for Burnley.

Notts County further increased their commanding lead in the Southern Section by beating the Oxford United, after three goals of the unlucky Newport County, whose forwards missed many fine chances. Notts goal was five times and Newport none. Pender did the hat trick for Notts and Seelley and Dowd had the balance of their tally.

Southport, the north's wonder cup tie club, performed creditably in the northern division leaders, Lincoln City, to a draw.

Glasgow, Scotland, Feb. 23.—With Motherwell, Celtic and Rangers all winning their matches in First Division Scottish soccer on Saturday the condition of affairs at the top of the league championship table remained unchanged.

Motherwell blanked Aldrie by four goals. Calder opened the scoring by putting the ball through his own posts.

Celtic won at Paisley over St. Mirren 3 to 0. Napier and R. Thomson, two were marksmen for the winners and Rankin had the Saints' goal, on a penalty kick.

Rangers just got by at Ibrox Park against Kilmarnock, their score being Marshall in the second half. Aberdeen, who had goals through Merrie, McLean, and McDermid, defeated home side St. John's, who got a goal through McGachie.

ORDERED OFF FIELD
Ayr United and Partick Thistle drew at Ayr. McLean goal for the former and Simpson for the latter. Ballantyne, Partick Thistle and Willie Ayr got into a lam in the second half and were ordered off.

Glyde accounted for Hamilton Academical through the goals of Boyd, Watt and Knox. Pringle hit the mark for the Academicals.

Cowdenbeath, through the goals of Venters, Paterson and Higgins, had an easy win over Dundee, who made no reply. Falkirk beat Queen's Park by the same margin, their scorers being Gail, two, and Gallagher in the second half.

Ribernians had an even draw with Northon. Ross goal for the Edinburgh Club and McCartney for Morton.

Leith Athletic who had marked by Robertson and Laidlaw, surprised Hearts, who got a goal through Bat-

FARRELL IN A COMEBACK WINS TOURNEY

Sparkling Final Round of 70 Gives Johnny Victory in \$3,000 Pensacola Open

His Second Consecutive Victory; McFarlane and Shute Tie For Second

Pensacola, Fla., Feb. 23.—For the second successive year Johnny Farrell, slight St. Augustine, Fla., professional, came from behind here yesterday afternoon to post a seventy-two-hole score of 286 and win first money in the \$3,000 Pensacola open golf tournament.

Three strokes behind the leaders at the half-way mark, and a single stroke in the rear at the end of fifty-four holes, Farrell unlocked his best round of the tournament, a sparkling 70, one under par, as his closing bid. The pace-setters at the three-quarter mark, Willie MacFarlane and Denny Shute, slumped back to 74s and finished in a tie for second place with 289s.

Farrell opened his tournament charge with a 73 Saturday morning and every succeeding round found him shaving a stroke from his previous score. His four rounds total showed with 122, needed for the final round, allowing MacFarlane, the former U.S. open champion from Tuckahoe, N.Y., to catch him with a snappy 70. In the final round both slumped back to 74s, finishing in a dead-end charge with a 73 Saturday morning.

WALDRON FOURTH
After a poor start with rounds of 72 and 76, Lew Waldron, Chicago veteran, put together three rounds of 71 and 70 yesterday to forge into fourth place with 290.

At Baptona, Chicago, took a high 75 yesterday afternoon, after three previous steady rounds of 71-72-73 to tie with Willy Cox of Brooklyn for fifth place. Horton Smith of New York and Harry Cooper of Chicago, two other expert campaigners, who used too many strokes on the final rounds and finished together at 292.

Charles Grest, Detroit, furnished one of the sensations of the final round with a great 69, which boosted him into ninth place with 294. Craig Wood, Del. N.J., shotster, and Abe Epstein, Aiz side brother from Chicago, were bracketed at 295 for tenth place, while Ralph Guldhall, Dallas, Texas, followed with 296.

McDUFFER OF THE MISSAPUTTA GOLF CLUB BY BARRIE PAYNE

"Old Krabby has a brand new double-action alibi that works both ways. If he's played a lot lately he's 'over-golfed'; if he hasn't played a lot lately he's 'out of practice'."

(Copyright 1931, Publishers Syndicate)

Cleveland May Be Scene of Heavyweight Title Bout

Damon Runyan and Principals Anxious To Ignore Chicago

Promoter for New York Milk Fund and Schmeling and Stribling Figures Selection of Cleveland Will Solve Many Problems Holding Back Battle Next June; Detroit and Jersey City Are Considered as Alternatives; Schmeling and Stribling Will Both Appear at Walker-Risko Bout in Miami To-morrow Night.

Miami, Fla., Feb. 23.—Selection of Cleveland, with Detroit as an alternative, instead of Chicago, for the Max Schmeling-Young Stribling heavyweight championship match in June loomed as a strong possibility yesterday after a conference between Damon Runyan, representing the New York Milk Fund, and the managers of the principals, Joe Jacobs and "Pa" Stribling.

Hockey Schedule For This Evening

CANADIAN-AMERICAN LEAGUE
Providence at Boston.
PACIFIC COAST LEAGUE
Seattle at Vancouver.
AMERICAN LEAGUE
Kansas City at Minneapolis.
St. Louis at Duluth.
ONTARIO HOCKEY ASSOCIATION
Senior "A" Play-off Series
Toronto Nationals at Hamilton Tigers.

WALKER WILL BATTLE RISK

"Toy Bulldog" Will Give Away Thirty Pounds in Bout at Miami To-morrow

New York, Feb. 23.—The fistic barometer points due south this week as Mickey Walker, a slightly larger "toy bulldog" than he used to be, prepares for a ten-round engagement with old "Jaw" Risko of Cleveland at Miami, Fla., Tuesday night.

Walker, whose campaign among the heavyweights so far has been successful, will be favored over the veteran Clevelander despite the fact he will have to give away huge gobs of weight—something like twenty-five or thirty pounds. Mickey holds one decision over Risko and experts believe the game little fighting man from Rumson, N.J., can repeat.

PETROLEE MEETS TUT
It takes an outdoor extravaganza such as the Walker-Risko bout to overshadow Madison Square Garden's card this week, for the Garden is offering a return battle between those deadly sluggers, Billy Petrolle of Fargo, N.D., and King Tut of Minneapolis. They will battle it out Friday night at ten rounds or less.

A decisive defeat at Tut's hands forced Petrolle into retirement a year or so ago. Then he came back with a bang, whipping one lightweight after another and climaxed a spectacular campaign with a crushing victory over Jimmy McLarnin. He took on Tut again a few weeks ago and was knocked out in a round. If he fails to win Friday, Petrolle threatens to quit the ring for good.

BOWLING

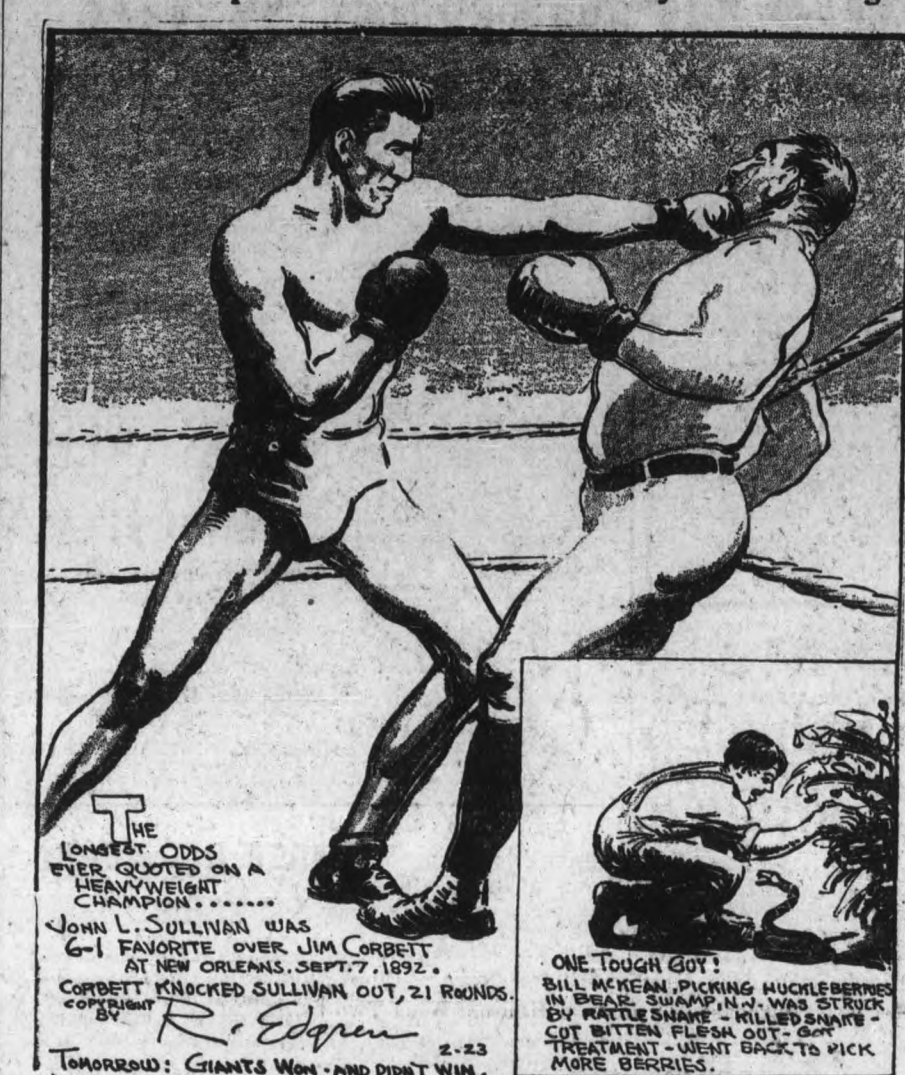

In a special ten-pin bowling match played on Saturday night the Olympic Alleys a Victoria team won two out of three games from visiting Nanaimo trundlers.

ANDERSON IN ONE FALL WIN OVER H. RILEY

Seattle Wrestler Gains Only Fall in Sixth Round; "Rocky" Brooks Wins on Foul

McLaughlin Takes Fast Contest From Goggins; Referee Rex Brown Has Rough Time

Des Anderson, Seattle, Jack McLaughlin, Vancouver, and "Rocky" Brooks, Victoria, were the winners of the three wrestling matches offered on the all-star card at the Tillamook gymnasium on Saturday evening. Anderson defeated Homer Riley, Eugene, Ore., gaining the only fall of the match in the sixth round. McLaughlin beat Billy Goggins, Tacoma, two falls out of three, and Brooks won from Young Gotch, Nebraska, on a foul in the third round. All three bouts were scheduled over six rounds.

The feature of the evening's matches was the rough time experienced by Rex Brown, visiting referee. This young fellow, who is a wrestler himself, had an evening of hard work. In the opening bout Young Gotch threw him through the ropes in the second round after the referee had pulled him off Brooks, while in the second match Goggins attempted to swing on Brown a couple of times, but was unsuccessful.

Anderson although he outweighed Riley by several pounds, had his hand full with the junior welterweight champion of the Pacific coast. The former had the edge throughout the entire bout, but Riley was always able to get through the ropes when he was hurt. Three or four times Anderson had him in punishing holds only to have the Eugene boy pull himself outside of the ring. In the last round Anderson got Riley in a bad way with a couple of flying mares and then finished him off with a flying wristlock. Anderson got his fall after three minutes and thirty-four seconds.

McLaughlin and Goggins put on a fast contest. Both possessing a world of speed they provided the fans with lots of action. In the opening round McLaughlin punished Goggins with a leg split, but the latter pulled himself to the ropes to get free. Goggins tried several times to knee the Vancouver boy, but the round ended with honors about even. Two minutes and forty-six seconds after the second round got under way Goggins knocked McLaughlin out by sinking his knee in the Vancouver boy's stomach to gain the first fall.

McLaughlin came out to start the third round with blood in his eye, and after one minute and seven seconds gained the tying fall by pulling Goggins over his head and slamming him to the mat. Goggins protested against the awarding of the fall. The winning fall came in a dramatic manner. Goggins had applied a couple of headlocks and while he was resting on one knee on the mat McLaughlin sprang through the air with his head lowered to butt Goggins in the pit of the stomach and end the match. Goggins again protested to the referee, claiming he was through the ropes when the fall was declared.

JOHNNY CUTKERT BEATS FRENCHMAN
Paris, Feb. 23.—Johnny Cutkert, British featherweight champion, defeated Guy Bonagure of France, on points in a ten-round bout here yesterday evening. Bonagure, hailed as a coming champion, could not pierce the tannish British veteran's defense.

After being warned several times for hitting with the closed fist Cutkert lost his match with Brooks in the third round when after hurting Brooks with a foul blow the referee awarded the Victoria wrestler the match. There appeared to be considerable ill-feeling between this pair, especially on the part of Gotch, and he was looking for trouble throughout the entire bout. Brooks was awarded the match after two minutes and fifty-six seconds of the third round had passed.

YOUNGSTER DEFEATS GOODMAN IN FINALS
Houston, Texas, Feb. 23.—Gus Moreland, nineteen-year-old Dallas Golfer, yesterday won the championship of the Houston Country Club's seventeenth annual tournament, defeating Johnny Goodman of Omaha two up in thirty-six holes. The last eighteen holes were played in rain, ranging from a drizzle to a deluge.

THE TOUGHEST HANDS IN HOCKEY
Once again I have bumped into the fact that hockey and baseball are first cousins. "Tiny" Cecil Thompson, 22, Boss's big moment in the Boston Bruins net is claimed to possess the toughest hands in hockey. "Tiny" learned his game from sitting behind the goal posts and watching Charlie Reid of the Calgary Tigers, who is now coach of the Pittsburgh Yellow Jackets. He first started at baseball and it was because of pulling the puck out of the net that he became accustomed to hard raps. To-day Art Ross regards him as the greatest puck-blocker in the big time league. Undoubtedly he has a pair of tough mitts for he wears only ordinary gloves which affords even less protection than light forward's gloves. However, tough as they may be, he was soft enough to lead a Calgary miss to the after last summer. What still troubles a lot of the boys is the fact that "Tiny" stops most of the drives at him with his left hand.

HOPE LEEMING RANKED TENTH IN DOMINION
Toronto, Ont., Feb. 23.—Gilbert Nunn, of Toronto, heads the official ranking list for lawn tennis players in Canada which was submitted Saturday afternoon by the ranking committee to the Canadian Lawn Tennis Association at its forty-second annual general meeting.

Players who have ranked high in previous years, but who were not considered owing to the fact they had not played in the stipulated number of tournaments, are Dr. Jack Wright and Willard Crocker, the Montreal Davis Cup veterans; Dr. Art Ham of Toronto, and Charlie Leslie of Montreal.

The complete list follows:
MEN
1, Gilbert Nunn, Toronto; 2, Marcel Rainville, Montreal; 3, Walter Martin, Regina; 4, C. W. Aikman, Montreal; 5, John E. Procter, Toronto; 6, W. L. Sennie, Toronto; 7, W. W. Gyles, Winnipeg; 8, N. A. Burrows, Montreal; 9, Deschenes, Montreal; 10, (B. Faubert, Montreal, and T. O. Ryall, Vancouver).

WOMEN
1, Olive Wade, Toronto, Canadian champion; 2, Marjory Leach, Victoria; 3, Jean Burritt, Toronto; 4, Mrs. E. F. Coke, Toronto; 5, Mildred C. Brock, Toronto; 6, Mrs. P. V. Woodbury, Halifax; 7, Mary Currie, Halifax; 8, Bea Symons, Toronto; 9, Evelyn McDonald, Toronto; 10, (Mrs. H. L. Beer, Ottawa, and Hope Leeming, Victoria).

By Robert Edgren

TWO TIES ARE SEEN IN CUP SOCCER GAMES

Victoria West and Esquimalt Battle to 1-1 Stalemate in Rough Match

Dockers Score From Penalty; Jokers and Victoria City Fight to Like Score

Two drawn matches were the result in the Tolmie Cup soccer competition on Saturday afternoon. At Beacon Hill, Esquimalt, First Division champions, and the Victoria West eleven, fought to 1-1 score after one of the roughest matches seen on a local pitch, while at the Central Park the Jokers and Victoria City fought to a like score. The match at Beacon Hill after producing some good, fast football in the first half threatened to develop to a regular Donnybrook, while at Central Park the teams were forced to play on a soggy field and play was slow as a result.

With the members of both teams playing the man in preference to the ball in the second half the fans were treated to a regular rough and tumble exhibition. Referee Rob appeared helpless to prevent the players from mixing it with the result the players introduced tactics seldom seen on a local football field. They butted and kicked at each other and whenever possible went after the man instead of the ball.

SCORE FROM PENALTY
The trouble started late in the first half when Esquimalt were awarded a penalty kick for a foul charge by Dave Stewart on Shillingsford and scored their only goal from the spot shot. From this stage until the final whistle there was considerable ill feeling between the opposing players.

Esquimalt with the slope in their favor in the opening half attacked and the West's back division was kept busy for the first fifteen minutes. Restall in the greenhairs' goal, gave a splendid exhibition in saving shots from Wagland, Stewart and Shillingsford. The Wests finally forced play to the other end of the field where De Costa was called upon to block in turn from Robinson, Mulcahy and Younan. The latter turned in a fine game and his beautiful crosses from right wing were one of the pleasing features of the match. The Wests came close to scoring when De Costa came out to saving from Bob Shanks but lost the ball. The goalie managed to scramble back to his net and clear, although many of the fans shouted for a goal.

A few minutes before the end of the half Esquimalt opened the scoring through the penalty.

TIE UP SCORE
The Wests attacked furiously with the reopening of play and then the rough work started. On one occasion Younan was right through when it appeared as if he had been fouled but the referee signalled for play to continue, although the fans protested vehemently. The Wests finally tied up the score after half an hour's play. Bob Shanks taking a pass from Peers to beat De Costa. The final whistle sounded with the teams still in a deadlock. Following the match the fans milled around the field apparently seeking an explanation for his allowing of the rough play but no explanation was forthcoming.

The teams follow:
Victoria West—Restall; Harwood, R. Shanks; Stewart, Peden, Williams; Younan, Mulcahy, Peers, Robinson and B. Shanks.
Esquimalt—De Costa, Joe Watt, Nicol, Hosmer, Boyd, W. De Costa; B. Stewart, S. Stewart, Shillingsford, Wagland and Mesher.

After battling for three-quarters of the match without a score the City and Jokers were each successful in driving home lone goals towards the end of the game to finish in a stalemate. The ground was in a terrible condition, making it impossible for the teams to display their usual form.

After play had ceased the field for the most part in the opening half-hour the Jokers attacked hotly just before half-time and passed up many fine chances to score. Their forwards would break through time after time only to send the ball sailing over the bar.

With the start of the second half the City settled down to give an exhibition of fine combination play and as a result the Jokers' goal was in danger many times. The City finally opened the scoring when Tommy Smith beat Chalmers with a hard drive.

Five minutes before the final whistle the Jokers tied the score Anderson beating Abbott after a fine piece of individual play.

McMillan refereed.
The teams were as follows:
City—Abbott, Macpherson, Dobbin, McLennan, Gibbons, Barnwell, Cook, Glancy, Campbell, Smith and McConnell.
Jokers—Chalmers, Carmichael, Leggett, Heal, Bunyan, Storer, Rogers, Betheridge, Anderson, McBeay and Stickney.

Hugo Rayment Is Vice-president Of B.C. Badminton
Vancouver, Feb. 23.—At the annual meeting of the B.C. Badminton Association yesterday, H. R. Rayment was re-elected to the presidency; C. Hugo Rayment of Victoria, was chosen vice-president, while R. D. Kimmond was again the unanimous choice for secretary-treasurer. The committee is V. Knick, New Westminster; St. R. Aitkens, Kelowna; N. R. Staples, Duncan; J. Shakespear, North Vancouver; and F. W. Taylor and E. J. H. Cardinal, Vancouver.

It was decided to send two representatives to the Dominion championships at Quebec, March 5, 6 and 7, and two more if finances permit. Jack Underhill and Jean Partington, British Columbia singles champions, have already been invited to make the trip.

FOGLE'S SCORE GIVES VICTORY TO UNIVERSITY

Slipping over for the only try of the match a few minutes before time, Fogle, young University School three-quarter, gave his school a 3-to-0 victory over Brentwood College in a third team match at Mount Tolmie on Saturday.

Throughout the game both teams worked hard, each having its fair share of play.

Westmacott refereed and the teams lined up as follows:
University—Coleman, Fogle, Dobell, Davis, Allen, Hill, Hawes, McKee, Carlyle, A. Allen, Staples, Clay, Gohby, Winch and Las Casys.
Brentwood—Annis, Wilkinson, Grogan, Buck, Roberts, MacCaffery, Poole, Ellis, Tort, Mackie, Gillies, Ellmore, Wilson and Marshall.

COLLEGE WINS INTERMEDIATE RUGBY TITLE

Defeat J.B.A.A. 6 to 3 in Close Game to Eliminate Necessity of Play-off

Given Terrific Battle After Whirlwind Start By Hard Fighting Oarsmen

Holding the J.B.A.A. intermediates to a single try after Miller and Moyes had scored for the students, Victoria College won its fourth city championship at the Royal Athletic Park on Saturday, sending the oarsmen down to a 6 to 3 defeat after one of the hardest fought games the Craigdarroch boys have played this year. The blue and gold squad opened with a whirlwind start, but were hammered back on virtually every play following their first two tries.

Alex Askey's crew, the stiffest opposition that College has faced locally for two seasons, turned in a splendid game in the second half. But for the fine defensive work of the students, they would have scored time and again on dogged rushes.

The student's victory obliterated the memory of a play-off for the championship, since by their win Saturday, they captured both halves.

THRILLING GAME
The game was the most thrilling seen on a local field for some time, with the cheers of the College students on the play like charging tigers drowned by the howling of all the other spectators, who had been roused by the gallant fight of the Bays against a more experienced team. The stamina of both fifteen in standing the grueling pace set throughout the entire game was remarkable. Time after time players of both sides threw themselves into the play like charging tigers, though toward the end it was the Bays' forwards and backs that came in most often, and the College players that had to tackle and tackle again.

Roddy McInnes, College full-back, played a superb game, handling well, running well, kicking well and tackling well. Miller, Len Barty and Jimmy Moyes, the latter of whom felt his three with hardly an error, were big factors in the College defence, which many times found little to do in the way of dribbling and work in the loose.

The Bays' three, and "Polly" Parrott, their full-back, were the most dangerous players as far as the College was concerned.

SCOUTS HONOR BADEN-POWELL BIRTHDAY HERE

Lieut. Governor and Mayor Pay Tribute to Excellence Of Movement

Tribute to the work of scouts and particularly those of British Columbia, was voiced by His Honor the Lieutenant-Governor and Mayor Anson at a dinner of representatives of Vancouver Island troops, gathered in the James Bay Hotel on Saturday evening to commemorate the birthday of Chief Scout Lord Baden-Powell, Lord Colville, district commissioner, acted as chairman for the function.

In his remarks, the Lieutenant-Governor spoke of the fine development scouting promoted in young boys and youths, its influence in British Columbia was particularly noticeable, he stated. On the many occasions he had come into contact with members of the movement, he had always found them of cheery disposition, willing to do their good deeds, His Honor added GAVE ASSISTANCE

In the opening address, Lord Colville spoke of the work of the former Governor-General, Viscount Willingdon who, he said, had been untiring in his activities to assist the scouts. A toast proposed to the Chief Scout on his birthday, was responded to by A. P. C. Ravenhill, assistant provincial commissioner.

Referring to the fine work done in the community by the scouts, Mayor Anson paid tribute to the foresight shown by Lord Baden-Powell when he conceived the idea of the movement and founded it so successfully. The memory of the Chief Scout would live forever, he declared.

Provincial Guide Commissioner, Mrs. L. Morkill, spoke a few words on "Girl Guides in the Province."

JAPANESE SCOUTMASTER

The only Japanese scoutmaster in Canada, S. E. Yoshida, of Chemainus, attended the gathering representing the Nipponese troop of the Up-Island centre.

Mrs. Duncan, cub mistress of the Oakland pack, delighted the gathering with a vocal solo, while community singing was enjoyed.

Keating

Keating won three basketball games from J. B. A. teams on Friday evening, at the Agricultural Hall, Saanichton, before a good audience. Keating Senior "C" defeated J. B. A. A. Red 51-19. Keating girls defeated J. B. A. A. girls 25-23 in the closest tussle of the evening. At half-time the score was 10-16 and but for a last-minute basket by Keating Senior "B's" took and retained an early lead over J. B. A. A. Blues, to win 38-24. Keating girls 22-15 at half-time. Dancing and refreshments followed the games.

The line-ups were: J. B. A. A. Red—Scott, Williams, A. Omen, B. McMillen, Bain, Ford, MacLachlan, Dosewell and Darbyshire. Keating Senior "C"—S. Smith, R. Kersey, G. Mitchell, L. Styan, S. Bate, P. Atkinson and C. Cunningham. J. B. A. A. girls—L. Sparks, E. Miedley, M. Spark, I. Crawford, C. Yeamans, I. Philbrook and K. Freestone. Keating girls—A. Styan, A. Chestworth, N. Ayres, J. Anderson, V. Hays and O. Young. J. B. A. A. Blues—Smith, Bull, Moses, Wright, Alexander and Burnett. Keating Senior "B"—P. Turcose, W. Bate, R. Mitchell, Atkinson, E. Ewert and Marchant. Bob Whyte's "Live Wires" met Keating junior girls earlier in the evening, and won 22-17. The players were: Live Wires—V. Perry, D. Bown, E. Miles, J. Wilson, E. Walsh, M. Caldwell, J. MacDonald. Keating juniors—Leta Styan, Eileen Young, Barbara Beaumont, Louise Crooks, A. Styan and O. Young.

The South Saanich Women's Institute met in the institute room on Thursday evening, with Mrs. J. Sutherland presiding. The evening was devoted to a birthday tea and home cooking sale at the Parish Hall, Esquimalt, March 17. A children's fancy dress dance will be held in the Temperance Hall after Easter. Mrs. Beaumont, school committee, reported on the Keating school. It was decided to make a comforter to show at the provincial exhibition. A sewing bee will be held on March 5 at the home of Mrs. J. Sutherland. The members attended the Farmers' Institute meeting and served refreshments, hostesses being Mesdames H. Lawrie, R. E. Nimmo, P. Young and A. Anderson.

The South Saanich Farmers' Institute met in the Temperance Hall on Thursday evening with a good attendance. W. D. Mitchell presided and introduced provincial Apiarist Sheppard, who gave a lecture on "Bees." Mrs. Greenwood, secretary of the Vancouver Island division of the British Columbia Honey Producers Association, briefly spoke. Views of the interior of the province were also shown. The president reported on the success of the pruning demonstration, under the auspices of the Institute, conducted by E. W. White, District Horticulturist of the Department of Agriculture. The annual ploughing match would be held on March 18, but the location had not been decided. Entrants were asked to register with Secretary G. Spencer, Saanichton.

Mrs. H. Sherring, entertained at tea on Friday, being assisted by Mrs. Sutherland, Mrs. Hulme and Mrs. Borden. Those present were Mrs. Mosher, Mrs. L. Hafer, Mrs. Gildren, Mrs. W. D. Mitchell, Mrs. W. S. Butler, Mrs. P. Young, Mrs. Anderson, Mrs. J. J. Young, Mrs. L. Crossley, Mrs. W. Bate, Mrs. Sherring, Mrs. Sutherland, Mrs. Hulme, Mrs. B. Bickford, Mrs. A. Hafer, Mrs. H. Borden, Mrs. J. Patterson and Miss Doris Mitchell.

King and Prince Of Wales Telephone Over Long Distance

London, Feb. 23.—The King spoke yesterday with the Prince of Wales. The fact that the father was at Buckingham Palace in London and the son at the British embassy in Santiago, Chile, made no difference in these days of long distance telephony, and the conversation was carried on easily for some minutes. The King's voice traveled by land to Rugby, then by wireless to Buenos Aires and over land to Santiago.

MT. ROYAL HOTEL EARNINGS LOWER

Montreal, Feb. 23.—The general business situation of the past year appears quite fairly reflected in the financial statement of the Mount Royal Hotel Company for the year ended December 31, 1930. This statement reveals net earnings of \$904,221, as contrasted with \$1,051,491 in 1929, while net profits, after deducting operating expenses, interest, taxes and also after making adequate provision for depreciation, amounted to \$202,635, compared with \$422,554 in the preceding year. Earnings for the year were sufficient only to permit a payment of a dividend of 2 per cent on the company's 6 per cent preferred stock outstanding. This dividend amounted to \$136,514, leaving a balance of \$68,121. This amount added to the surplus brought forward at \$19,064 makes a surplus carried forward at December 31, 1930, of \$87,185. The net working capital position of the company showed an improvement, excess of current assets over current liabilities in the current statement standing at \$551,847, as compared with \$311,329 at the end of 1929.

Just for Meanness
"Mighty mean man I'm working for."
"He took the legs off the wheelbarrows so's I can't set it down and rest."

SUFFERED SINCE SHE WAS 16 WITH TOXIC POISONING

"Ever since I was sixteen years old, the doctors have told me that I had acids and toxic poisons in my system. I cleared Mrs. Janet Marchbank, 2577 that developed rheumatic troubles," de-

MRS. JANET MARCHBANK

7th E., Vancouver, who formerly lived in Alberta. "I finally got to where I couldn't get out of the house or scarcely walk."

"Three weeks taking Sargon and Sargon Pills cleared every ache and pain I had out of my body and gave me a feeling of new strength and well-being that I hardly ever remember having before in my life! I got out and walked fifty blocks the other day without feeling too tired, and I can never praise this wonderful treatment enough." Sargon may be obtained in Victoria and Vancouver from all Owl Drug Stores; in New Westminster from Bess Drug Co.; in Esquimalt from Fulmer's Drug Store; in Oak Bay from Charles Hudson; in Sidney, Vancouver Island, from Sidney Pharmacy, and in Nanaimo from Kennedy Drug Co. COMMUNITY HALL TO BE DISCUSSED

Sooke Residents to Hold Meeting Wednesday Night to Talk Over Project

Sooke, Feb. 23.—The semi-monthly card party under the auspices of the Sooke and North Sooke Women's Institute took place at the Belvedere Hotel last Friday evening, with eight tables of whist in play. Mrs. G. H. Jones won the ladies' first prize and J. Collins won the gentlemen's prize, while the consolation awards went to Mrs. R. Kirby and C. A. Helgesen. Conveners for the evening were Mrs. C. Thompson and Mrs. C. A. Helgesen.

The Sooke senior basketball team met Lake Hill last week in a friendly

game, losing by 33 to 23. Among those who accompanied the team to Lake Hill and remained for the dance at the Community Hall were Mr. and Mrs. G. Jones, Mr. and Mrs. B. Kirby, Mr. and Mrs. F. Thorner, Mr. and Mrs. G. McIntosh Jr., Mr. and Mrs. F. Grey, Mr. and Mrs. F. Norton, Mr. and Mrs. W. Dicks, Mrs. B. Acreman, the Misses F. Grey, L. Grainger, M. Pete, M. Wilham, A. McBride, T. Little H. Pontious, R. Baker, J. Collins, S. Giles, W. Shields, L. Muir, R. Pontious, B. Charters, E. Grey and R. Melory.

A public meeting of the residents of the district will be held in the Sooke Hall on Wednesday evening to discuss the project of a community hall. This subject is of interest to all residents in the district. Refreshments will be served by members of the Sooke and North Sooke Women's Institute.

Mrs. J. C. Cooke of Shanwanigan Lake was a recent visitor of Mrs. Bowman Colthurst.

Mrs. W. Dicks has been a visitor of Lake Hill last week in a friendly

JOURNALISTS OF B.C. HOLD CONVENTION

Newspapermen Gather in Vancouver For First Conference of Kind in Canada

Addresses By B. C. Nicholas and D. A. McGregor Features of Programmes

Vancouver, Feb. 23.—The first province-wide convention of the B.C. Institute of Journalists, which was also the first of its kind in Canada took place over the week-end at the Hotel Vancouver, when upwards of fifty newspaper men and women from the upper country, the Fraser Valley and Vancouver Island, including a large contingent from the Victoria branch, attended as guests of the Vancouver branch.

The gatherings consisted of a dinner in the oval room of the hotel on Saturday evening, at which the company numbered 140, a conference on Sunday afternoon and a farewell dinner in the wedge room on Sunday evening. The retiring president, Noel Robinson (Vancouver Star), presided at these functions, which were marked by a great deal of enthusiasm.

Among prominent guests present on Saturday evening were T. D. Pattullo, leader of the opposition; Frank Burd, publisher of The Daily Province, and R. J. Mackie, publisher of The Vancouver Star, while the Lieutenant-Governor, Frederick Thomas, Mayor L. D. Taylor, R. J. Cromie, publisher of The Vancouver Sun, and Senator Taylor, publisher of The British Columbian, wrote apologetic for absence and wishing the institute success.

The feature of the evening was a brilliant address, full of humor and information by B. C. Nicholas, managing editor of The Victoria Times, entitled "Early Newspapermen of British Columbia." An amusing interlude was supplied by the "grid-drawing" of a number of well-known newspapermen present. Charles A. Sutherland proposed "Our Guests," Miss J. E. M. Bruce (Victoria Colonist) and J. J. Kerr (Herald) responded. The proceedings closed with a presentation to Miss Myrtle Patterson, who has resigned the secretaryship after three years in that office, and to Noel Robinson, and the installation of the president-elect, Cecil Scott (Daily Province).

At the conference on Sunday afternoon J. Edward Norcross (Vancouver Star) and Harold McDonald (Victoria Colonist) delivered brief addresses, the former upon the history and aims of the B.C. Institute of Journalists, and the latter upon the development of the Victoria branch. Discussions were led by Hugh Savage (Cowichan Leader) on "Uses and Abuses of Make-up," E. B. Mayon (Merritt Herald) on "Editorials—Why?" J. J. Kerr on "When is News?" and H. A. Stein (Vancouver Sun) on "Ethics—Have We Any?"

FINE ADDRESS

The feature of the evening dinner was a witty and pungent address on "Journalism" by D. A. McGregor (Vancouver Province). "The Best of Halves," an auxiliary of the institute, were toasted in humorous vein by P. C. Rawlings (Daily Province) and responded to by the president, Mrs. J. W. Findley, C. A. Barber (Chilliwack Progress) contributed a thoughtful and entertaining talk on "The Institute—Its Future," and on the motion of Archie Willis (Victoria Times) an enthusiastic vote of thanks was accorded the Vancouver branch for its contribution to the dinner concluding with a "valedictory" by Miss Mae Garnett (Vancouver Sun), the new vice-president.

Harold McDonald, president of the Victoria branch of the institute, extended an invitation to all mainland and island delegates to attend the annual banquet of the Victoria body next week-end.

The members entrusted to Mr. Kerr a message of appreciation to the Kamloops city council for its invitation to entertain the institute as a body in that city in June.

Credit Reports Show Business Conditions

The weekly trade report of the Canadian Credit Men's Trust Association Limited for week ending February 21 is as follows:

Halifax—Conditions generally remain unchanged. Collections quiet. Saint John—Wholesalers report a normal volume transacted. Retail trade fairly good. Collections slackening up. Montreal—A very fair volume is reported in wholesale lines. Country retail trade quiet. City retail improved. Collections in wholesale trade have fallen off. Retail collections slow.

Toronto—Business in the wholesale and retail lines is improving. Collections slow. Winnipeg—Manufacturers report a slight improvement. Wholesale groceries only fair. Dry goods, clothing, boots and shoes trade fair to good. Retail trade shows no improvement. Country collections slow. City quiet.

Regina—Wholesale trade slow to good. Retail trade remains quiet. Collections slow.

Moose Jaw—General business conditions not very good. Collections fair to slow.

Saskatoon—Wholesale trade fair in most lines. Others show improvement. Retail trade very quiet. Collections city fair to slow; country very slow.

Calgary—Retail and wholesale merchants report slight improvement. Collections very satisfactory.

Edmonton—Wholesale trade shows some signs of improvement. City retail quiet. Collections fair to slow.

British Columbia—No improvement is reported over the conditions of the previous week. Business being generally fair with collections slow in all lines.

A Car For Every Eight Canadians
According to the latest available official figures which are as complete as possible to the end of 1929, there were 1,198,800 registrations of motor vehicles during that year, which, on the estimate of Canada's population as 9,796,800, make an average of 8.2 persons per motor vehicle. There are only two countries with greater densities—United States with 4.6 persons per motor vehicle and Hawaii with an average of seven persons.

—Fourth Floor, HBC

NOT REFINED IN B.C. BUT MINED IN B.C.

NOW, while the Government is asking everybody to support Home Industries, it is well to remember that some B.C. "Products" are not actually produced in British Columbia.

Every dollar involved in the production and distribution of Nanaimo-Wellington and Comox Coal means either wages or profits in the pockets of British Columbians. Because the "raw material" is produced in B.C., all this money stays in British Columbia. The industry therefore is of greater benefit to the community than some others whose raw materials are produced elsewhere.

These are important facts, and more important still is the fact that Island Coal is such an economical fuel. You can actually save money on your heating bills by ordering "Nanaimo-Wellington" or "Comox" for your furnace.

Any of the Approved Dealers listed below will be glad to prove to you that these high-grade coals actually give more heat per dollar.

Remember these things when you are filling your coal bin for the winter.

Approved Dealers

Kirk & Company Ltd., G. arden 3241
J. E. Painter & Sons Ltd., G. arden 3541
R. Hall & Sons Ltd., G. arden 1481
W. L. Morgan Ltd., E. mpire 1181

A FREE SERVICE

Call your dealer or get in touch with the Canadian Collieries direct and we will send a Combustion Engineer to your home. He will show you how to operate your furnace with less attention . . . less work . . . less fuel.

Tune in on the Saturday Night "Heat Wave," Station CJOH, Every Saturday at 9 p.m.

CANADIAN COLLIERIES (DUNSM

VICTORIA, B.C., MONDAY, FEBRUARY 23, 1931

TELEPHONE CLASSIFIED ADVERTISING TO E4175 OR E4176—WE WILL CHARGE IT

Victoria Daily Times

MEMBER ADVERTISING BUREAU CIRCULATION

5 a.m. to 8 p.m. Circulation..... \$7222
 Advertisers..... \$4176
 Classified..... \$4176

CLASSIFIED ADVERTISING RATES

15¢ per word per insertion.
 Minimum charge, 25¢.
 1.25 per line per month.
 Minimum charge, \$2.50.
 Births, \$1.00 per insertion.
 Deaths, \$1.00 first insertion, and \$1.00 succeeding insertions.
 Funeral Notices, in Memorial Notices and Cards of Thanks, \$1.50 per insertion.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

In estimating the number of lines in an advertisement, count five words for the first two lines and seven words for each line thereafter. This is not an absolute rule, but a guide to the number of lines, much depending on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one issue. Any claim for rebate on account of error or omission must be made within thirty days from the date of the same, otherwise the claim will not be allowed.

Advertisers who desire it may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 10¢ is made for this service.

Subscribers wishing their addresses changed should notify this office, as well as the carrier, if your Times is missing, by February 23, 1931, and a copy will be sent by special messenger.

INDEX TO CLASSIFIED ADS

The eight major groups of Classification appear in the following order:
 1. Employment classifications..... 1 to 15
 2. For Sale—Wanted classifications..... 16 to 25
 3. Automotive classifications..... 26 to 35
 4. Real Estate classifications..... 36 to 45
 5. Business Opportunities classifications..... 46 to 55
 6. Financial classifications..... 56 to 67

Announcements

DIED
 JONES—On February 21, at Portland, Ore., Mrs. Ella Jones, widow of the late Dr. W. J. Jones, formerly of Victoria, B.C. Interment at Portland, February 24.

IN MEMORIAM
 WHITE—In ever-loving memory of a beloved wife and mother, Mrs. Mary White, who died on February 22, 1931. "O for the touch of a vanished hand, And the sound of a voice that is still."—Inserted by her loving husband and family.

CARD OF THANKS
 The relatives and family of the late Mrs. Mary Williams wish to thank their many friends for floral tributes and expressions of sympathy received in their recent sad bereavement.

AGENTS' OFFERINGS

ROCKLAND AVENUE SPECIAL
 \$3800—Owner has just reduced price of \$3800 on a beautiful piece of ground fronting on Rockland Avenue about 100 feet and containing over 1/2 acre. At present there is a small cottage on the grounds which could be demolished if desired, and a new house could be built and placed on a large plateau, low and level, and affording beautiful views of sea and Mt. Baker. This is unquestionably a wonderful opportunity to buy such a lot in this district and at this price, \$3800.

\$12500 RESIDENCE
OFFERED FOR \$9500

The home comprises eight rooms, besides sleeping porch. Has hardwood floors in main rooms.

HOT WATER HEATING PLANT
 The foundation is of cut granite, as are also the chimneys and pillars. The house is surrounded by the best of the city's beautiful grounds, having a profusion of roses, ornamental trees, etc. The house is built on a concrete driveway, concrete walks and garage large enough for two cars. Splendid location near the golf links.

Uncle Ray's Corner

New Zealand
 Early this month, and news came to us from New Zealand. Terrific earthquakes took place there causing loss of life and destroying thousands of homes.

New Zealand is made up of a group of islands, most of which are small. The major islands are known as North Island and South Island. New Zealand has an area greater than that of England and Wales together. It is a dominion in the British Empire. The earthquake toll was taken on North Island.

New Zealand is the home of about 1,250,000 persons, and it is a beautiful home. Hills and valleys, rivers and waterfalls, lakes and woods, are there to be seen. Mountain peaks covered with snow the year around, glaciers, hot springs, and geysers form other interesting sights for the people.

So far as our records show, the first white men to reach New Zealand were under the lead of Abel Tasman, a Dutch sea captain. Tasman fancied that he had reached the edge of a continent, but did not take pains to explore very far. This visit took place in 1642.

More than a century later, Captain Cook, famous English explorer, came to the islands and looked them over carefully. He made notes about the customs of the brown-skinned natives. The natives of New Zealand are called "Maoris" and are related to people found on other Pacific islands. Their skins are light brown, hardly darker than the skins of Italians. Although most of them have dark brown hair,

some have red hair. In general they are bright-minded, but belief in witchcraft is common among them. Most of the present residents of New Zealand are whites of English descent. The capital city of the country is Wellington.

Despite the sorrow and suffering caused by the earthquake, we may feel sure that the people of New Zealand will rebuild the homes destroyed and will find life pleasant in their lovely land.

To-morrow—Sacred Books.

GOTHAM CLUB TURNS BACK PHILADELPHIA FALCONS IN A DRAW
 (Continued From Page 9)

Toronto, Feb. 23.—Toronto Maple Leafs turned an unexpected trick Saturday night and defeated Boston Bruins, American Section leaders, 4-2, in a game that was thrilling to the extreme. The victory consolidated the Leafs' hold on second place in the Canadian Section. It was Boston's first defeat in ten games, and the Leafs were full value for the victory.

Summary:
 First Period—1, Toronto, Conacher (Primeau), 13:30; 2, Toronto, Jackson, 6:00.
 Second Period—3, Boston, Owen, 10:13; 4, Toronto, Cotton (Hall), 6:00; 5, Toronto, Primeau (Glancy), 2:40; 6, Boston, Galbraith (Shore), 2:40.

Montreal, Feb. 23.—The Canadiens accomplished a difficult feat Saturday evening to take a victory over the New York Americans in their National Hockey League encounter. Jean Cadieux spotted the amazing Americans four goals in the first period then

rattled in a half-dozen counters to make it 6-4 at the finish.

Summary:
 First Period—1, Americans, Himes, 3:28; 2, Americans, Sheppard (Hughes), 6:12; 3, Americans, Sheppard (Carson), 4:51; 4, Americans (Burch), 1:40; 5, Canadiens, Morens (Gagnon), 5:01; 6, Canadiens, Morens (Gagnon), 1:30; 7, Second Period—8, Canadiens, Morens (Gagnon), 12:35; 9, Canadiens, Joliat (Morphy), 14:12.

Ottawa, Feb. 23.—Montreal Maroons climbed up within two points of New York Americans Saturday evening when they held Ottawa Senators to a 4-3 tie in an overtime National Hockey League game here. Senators overwhelmed Maroons for two periods and led 3-1 when the third began. But the old failing of holding back when ahead deserted them, and two rapid-fire goals by Northcott in the last half of the final period brought the tie-scorers up to even terms. Alex Connell played a wonderful game in the Ottawa net.

Summary:
 1, Ottawa, Touhey (Alex Smith and Gagne), 34:20.
 Second Period—2, Maroons, Stewart (Siebert), 2:35; 3, Ottawa, Touhey (Gagne), 4:30.
 Third Period—4, Ottawa, Kilrea (Finigan and Lamb), 1:10; 5, Maroons, Northcott (Smith), 1:30; 6, Maroons, Northcott (Stewart), 6:20. Overtime Period—No score.

concerned for their frequent combined attacks and their individual rushes brought the play many times within yards of the winners' line.

COLLEGE WINS INTER-MEDIATE RUGBY TITLE
 (Continued From Page 8)

The game started off with the Collegians rushing their opponents off their feet, and Miller and Moyes both scored within five minutes. McInnes failed to convert both times, though his first attempt hit the upright. It seemed as though this 6 to 0 lead would be added to considerably, but the Bays came back and fought their way to the College line. The play was brought back at intervals, and on one occasion an opportunity was given for Jack Dunn, Bays' wing three, to score a brilliant try. The College three were in possession on the lower twenty-five yard line, but the rush did not seem promising. Colgate, one of the College three, tried to open out the play with a cross-kick to Mabee. The ball sailed wide. Dunn picked it up on his twenty-five yard line, about two or three tacklers to begin with, dodged full-back McInnes—who was playing well up—and ran seventy-five yards for a try between the posts. Gagne failed to convert and the score was 6 to 3.

For the rest of the half, and even more so in the second period, the Bays pressed but met with no luck, for all they tried was a lucky break on one of the many occasions when they threatened. Scrums on the yard line, line-outs on the five yard line, three-quarter rushes getting nowhere, and way almost within the shadow of the College posts—everything was tried but nothing worked, and the final whistle quartered with the play in the winners' quarters.

Grant refereed and the teams were: Victoria College—McInnes, Copeland, Mabee, Colgate, Mabee, Bapty, Moyes, Robinson, Croftall, Davidson, Caray, Walton, Sievers, Sprinkling and Wilson. J. B. A. A.—Parrott, Dunn, Scott, A. Oman, Patrick, Brown, Bristowe, Murray, J. Oman, Anderson, George, Lemm, Wray, Ford and Tobin.

H. C. HANSON LEADS FIELD

Has Net Score of 67 in Qualifying Round of Feeesy Cup Play at Uplands

Checking in with a gross score of 81, which his handicap of 14 reduced to a net 67, H. C. Hanson carried off the medal honors in the eighteen-hole qualifying round of the Feeesy Cup competition at the Uplands Golf Club yesterday. S. L. Feeesy finished in second place one stroke behind, while E. Hanbury was third with a net score of 69.

The sixteen low scores qualified for the championship flight and match play will get under way next Sunday. There were sixty-one entries.

HOME OWNERSHIP VERSUS RENTING

The National Association of Real Estate Boards, in giving twenty good reasons for home ownership, states that more people have started on the road to financial independence through home ownership than in any other way.

To those who have longed for their own homes, but felt that they could not afford it, some facts brought out by Allison Dean of Torrey and Dean of Portland in a recent article in the Real Estate Journal, under the caption "It's Cheaper to Buy than to Rent," will be of interest.

Mr. Dean points out that practically all families will live in an inferior place, at a cheap rent, but that when they buy they want fine property of which they can be proud to admit ownership. Mr. Dean writes in part: "The apartment house dweller gets about 4,500 cubic feet for a rental of about \$60.00. Just take this apartment unit out of the building it helps to make and set it out on a lot by itself. The money it could make building such houses for \$1,550 each! The lot to go with the tiny place would not cost over \$750, and that would be a pretty good investment at \$2,300.

"In the apartment the yearly rent is \$720. If the unit were separated and placed on a lot, the cost of heating about \$100, taxes \$60 and a generous allowance for redecoration and painting would be \$95 a year; water \$10, insurance \$4, a total of \$214. This leaves an average to apply on purchase of house of \$436.00. In five and one-half years the place would be entirely paid for, free and clear, and the owner would have mentioned amount to a yearly expense, heat and all, of \$179 per month! And someone said it was cheaper to rent!"

"As a matter of fact, I have purposely exaggerated in favor of the other side of the debate. The sum of \$2,300 will actually buy a rather pretty little place there will be some pride in owning."

It may also be added that some of the estimates given would be rather high for Victoria. There are many attractive lots to be had at \$500.

But, apart from economy, there are so many inestimable reasons for home ownership that it is surprising it is a matter often delayed so long.

DAIRYMEN WANT TO SEE TOLMIE

Victoria and Saanich Association to Ask Premier to Attend Meeting

A meeting of the Victoria and Saanich Farm and Dairyman's Association was held at Royal Oak on Friday evening, Feb. 19. A. Lambie was in the chair. Much important business was considered, including a report from the committee that was appointed to interview Premier Tolmie and the Department of Agriculture regarding the farm dairy scorecard. The meeting was well satisfied with the progress made in one or two exceptions. The meeting decided to ask Premier Tolmie to attend a meeting of the association in the near future and discuss several problems that confront dairymen at the present time.

A motion was carried endorsing the stand taken by Captain Macgregor in his letter to the Premier in connection with demanding lower prices of feed to farmers.

NAVY LEAGUE MEETING HERE

Annual Reports to Be Presented at Annual Meeting on Wednesday at Empress

The annual general meeting of the Victoria and Island Division, Navy League of Canada, will take place on Wednesday at 8 o'clock in the Empress Hotel ballroom, when the report of the activities for the last year will be heard and the result of the election of officers for 1931 will be announced.

Lieutenant-Governor Bruce will address the meeting on the work of the league, followed by Commander L. W. Murray, R.N., senior naval officer at Esquimalt, who will speak on naval events.

A first class programme of entertainment has been arranged to follow the business of the meeting and a juvenile band of eighteen pupils will play selections under Bandmaster Rowles.

Also included in the programme are Miriam Schwabe and Ian Gibson, Miss Green Dewar, Sallor's Hornpipe, Highland Sword Dance, accompanied by Piper Donald Cameron, who will have a place on the programme.

Miss Audrey Wood and Miss Joyce Savage will give piano selections, a cornet solo will be rendered by Master Walter Gwyer and humorous recitations will be given by Teddy Studder. All the entertainers are drawn from the junior membership of the Navy League of Canada.

NEWS IN BRIEF

Alex Johnny, Indian, was fined \$19 or ten days when he pleaded guilty in City Police Court to being drunk. Peter was fined \$25 or one month for unlawful possession of an intoxicant.

On petition of David William Webster, salesman of Victoria, Mr. Justice Fisher in the Supreme Court in Vancouver last week granted him an absolute decree of divorce from Florence Webster, whom he married at Victoria on October 11, 1911. Mr. Webster was given custody of the two children.

Dr. Clem Davies will give his lecture, "Modern Innocents Abroad," at the James Bay United Church on Wednesday evening in aid of the church funds. Dr. Davies is always ready and willing to help in case of need and as the church needs help it is hoped a good attendance will be evident. It may be the last time that this lecture will be given in Victoria.

The Victoria branch of the Amputations Association of the Great War, after giving consideration to press reports referring to the amalgamation of ex-service organizations in the Dominion of Canada, declares itself as willing to co-operate with all other representative organizations of ex-service men in Victoria towards the furtherance of this object.

The month-end social night of Victoria Lodge No. 1 to be held in the Oddfellows' Hall to-night at 9 o'clock will take the form of a social-dance and the members of the social committee extend an invitation to the wives and friends of the members to attend. The Victoria Lodge No. 1 orchestra, under the leadership of Bro. Al Steer, will be in attendance and an enjoyable time is assured.

The Canadian National Institute for the Blind has been granted by the Famous Players Canadian Corporation Limited, free admission to all Famous Players theatres for any registered blind person over the age of sixteen, and an attendant of the institute, at the expense of the western division of the institute, states that these passes are now obtainable from F. Landsberg, local convener of the institute, at the Empire Realty Co., 737 Fort Street, telephone E 7441. This concession pertains to the Dominion and Capitol theatres. A letter with detailed information is being sent to all eligible blind people in Victoria.

LOW "CEILING" BLOCKS JUMPS OF PARACHUTERS

Thousands Gather For Sunday Afternoon Air Show, But Leaps Postponed

Clearer Altitude Expected Next Week When Attempts Will Be Made

Several thousand people gathered around Lansdowne Air Field and Mount Tolmie yesterday afternoon to watch the parachute leaps which were attempted by "Gerry" Brown and Pilot Clayton.

The parachuters were waiting to go up for the leap, but Ernest Eve of the Airways, announced that the "ceiling" was too low yesterday afternoon and that the leaps would have to be postponed until next Sunday afternoon in the expectation of clearer weather.

He explained that a clear altitude of at least 2,000 feet is needed for an exhibition parachute leap, and yesterday the clouds were down to around the 1,000 foot level.

Pilot Brown has made 176 parachute leaps since he started it seven years ago. Pilot Maurice McGregor, son of Fred M. McGregor, said he would likely make a leap.

When it was realized that the weather would not clear, Mr. Eve donned his leather suit and helmet and brought out his Northwest low-wing monoplane. His daughter, Miss Nan Eve, who was in riding habit, found a helmet, jumped into the open seat in her father's plane and the two of them gave the crowd something to watch in the air. When they came down, Mr. and Mrs. Cecil Eve put on their helmets and went aloft in the monoplane.

The bi-engine Kruezer plane, which is owned by B.C. Airways, service between Victoria and Seattle, was unimpaired by Pilot Thompson and Pilot McGregor. J. M. Gibson, Kenneth Drury and J. M. Gibson went off in the plane with Pilot Thompson for a ride over Saanich. When they landed, Mr. Gibson's two daughters and Miss Helen Eve went aloft in it.

FORETELLS BIG DEVELOPMENT IN PRINCE RUPERT

Oscar Bass, K.C., Predicts B.C. Town Will Be One of Largest on Pacific Coast

Tenth Birthday of Local Club to Be Observed Next Monday

Unbounded confidence in the future of British Columbia's coast, particularly Prince Rupert, was voiced by Oscar Bass, K.C., Deputy Attorney-General, in an address before the Gyo Club at its luncheon in the Empress Hotel to-day.

The day would come when Prince Rupert would be one of the largest cities on the Pacific Coast north of San Francisco, Mr. Bass declared. To substantiate this he pointed to the abundance of raw material around the northern town, saying that this would attract industry. The growing Oriental market could be counted on to stimulate the produce of the city, which would be turned into one of the largest shipping centres on the coast by the increase in vessels carrying its produce across the ocean, he said.

Police Seek Assailant Of Woman Here

Provided with a description furnished by two people, police to-day were seeking a young man who was reported to have attacked Mrs. Dunsford, 1029 Pakington Street, Saturday night on Vancouver Street.

Mrs. Dunsford's assailant, who apparently was trying to hold her up, fled when she called for help. She reported that he sprang upon her from behind and placed his hand over her mouth, but she struggled and screamed. He took alarm and fled west on Collinson Street.

A youth was seen shortly afterwards running along Collinson Street near the St. Joseph's Hospital, and the description tallied with that given by Mrs. Dunsford of her assailant.

BOYS SEPARATED

The Thomas G. Zaccarelli case, which has been in the City Police Court and the County Court since the first of the year, when before a crowded public gallery P. J. Sinnott, counsel for Mr. Zaccarelli, launched action for custody of his two children, was heard to-day.

Mr. Justice Murphy, who heard the case, said he had used his influence to have the case settled, but now that it has reached the high court in a public action, all witnesses would have to be heard in public.

H. W. R. Moore defended Mrs. Zaccarelli.

After the lawyers concluded the calling and examination of neighbors, friends and the two chief parties in the action, the judge gave the elder boy to his father and the younger child to his mother. The two little boys went out of court and down the elevator crying as they were separated from each other.

Public Meeting On Tax Rate Is Asked of Mayor

Petitioners Want Chance to Air Views on City's Financial Position and Request Mayor to Call Meeting; Council Will Consider It This Evening; Only Too Willing to Hear Rational Suggestions for Keeping Rate Down, Says Mayor.

MEMORY OF PAARDEBURG MEN HONORED

Large Gathering at Service of Tribute to Fallen Soldiers Yesterday

Lieut.-Governor Bruce Among Those in Attendance; Col. Lorne Ross Presides

His Honor the Lieutenant-Governor, accompanied by Commander L. W. Murray, S.N.O.; Brigadier J. Sutherland Ross, C.M.G., and Captain Robert Nelson, M.C., joined members of the British Campaigners' Association, the I.O.B.E. and other patriotic organizations in paying tribute to the memory of members of the Fifth Regiment who fell in the battle of Paardeburg, at the Armies yesterday afternoon. Three hundred citizens attended.

During the ceremony a wreath was laid on the tablet, bearing names of the fallen, while the gathering stood at attention. Pipe Major Wishart and Piper Courts played the lament, "The Flowers of the Forest."

Colonel Lorne Ross, D.S.O., president of the British Campaigners, expressed appreciation for the attendance of the Lieutenant-Governor, who, he said, by his sincere and sympathetic interest in the welfare of returned men at all times had endeared himself to all. In thanking the officers and standard-bearers of the I.O.B.E., the Colonel referred to the splendid work carried on by the ladies of that organization during and since the war on behalf of the soldiers.

The object of the commemorative service, he explained, was not to glorify war or any single campaign, but to pay tribute to the principles of patriotism, loyalty to the King, country, empire and the ideals of duty and sacrifice exemplified by the fallen comrades whose names were engraved on the tablet in the Armory.

After the prayer and the singing of the hymn, "O God Our Help in Ages Past," the honorary chaplain of the British Campaigners, Rev. G. F. Pringle, gave a short address, taking as his text, "Remember the former things." In it he stressed the benefits of keeping alive the memory of the higher ideal of life and conduct, drawing from his own experiences to illustrate his remarks.

After the closing hymn, "Fight the Good Fight," the Last Post was sounded and the Fifth Regiment Band played the National Anthem.

STUDENT'S DEATH Is Investigated

Cambridge, Eng. Feb. 23.—Scotland Yard agents were summoned here to investigate the strange death of John Charles Ellis, first year man at Sidney Sussex College.

The body of Ellis was found to-day in his room, fully dressed, with a handkerchief tied over the mouth and the hands and ankles tied with handkerchiefs.

Gaining entrance by a pass key, burglars who entered the home of J. Dixon, 464 Stanward Avenue, Saturday evening, discovered the place thoroughly police were informed. Mrs. L. A. George, 484 Vancouver Street, reported the Girl Guides' clubrooms, Fairfield Road, had been broken into and electric light globes broken.

NOTES OF THE LEGISLATURE

Committees of the Legislature will be in full swing to-morrow. The agriculture committee which set the ball rolling will continue. The private bills committee will meet at 11.30 and the public accounts committee at 10.30 and the municipal committee will meet for organization purposes at 2.30 o'clock.

Amendments to the main motion on the Speech from the Throne and particularly the discussions on the Island arterials franchise have carried the debate beyond the stage where it was expected to close. It is expected it will conclude to-day or to-morrow.

School taxation promises to be the main business of the municipal committee with municipal delegates calling for a complete revision of the provincial taxation system to embrace many not now contributing to school costs and to relieve the burden on landowners. They ask the whole subject be dealt with on a non-party basis by the House. The proposal made some time ago of a half of one per cent income tax will probably be revived.

Elimination of the royalty of ten cents a ton on phosphate rock mined in British Columbia is provided for in amendments to the Phosphate Mining Act up for second reading in the Legislature to-day.

H. B. Thomson, chairman of the Liquor Control Board, was not authorized to conduct any negotiations respecting the liquor business when he made a trip to the Old Country prior to his appointment and received no money from the government for the trip. Attorney-General Pooley informed the Legislature in answer to a question put by A. M. Manson, K.C.

Powers granted by the Minimum Wage Board under the Minimum Wage Act to alter a minimum wage already established have not been exercised in any instance. Hon. William McKenzie, Minister of Labor, has informed the Legislature.

When all taxes for maintenance are paid the Sumas reclamation district will have a revenue of \$33,824.14 which is deemed adequate to create a reserve fund to meet contingencies. Hon. W. C. Atkinson, Minister of Agriculture, announced in answer to a question by Dr. H. C. Winick as to whether the reclaimed land bears the total cost of annual operation.

STORY OF EPIC FLIGHT TOLD

Mrs. W. J. Barrows Tells Women's Aeronautical Association of Burke Search

The epic story of the search for the ill-fated Burke expedition, in the Liard River district was described by Mrs. W. J. Barrows, wife of the well-known air pilot, before the Women's Aeronautical Association at its luncheon today in the Empress Hotel, account of the search and the subsequent finding of the survivors, being made more vivid by a series of photographs obtained by Barrows.

Mrs. Barrows in her preamble observed that the lure of gold had been the magnet which drew men into the Yukon in days gone by and was still as strong to-day. She recalled the flight into the Liard River in the Empress Hotel, when she and her husband, now an elderly prospector, now eighty-three years of age and a resident of Victoria, who from the plane saw the ruins of the cabin from which he, sixty-three years before, had prospered for gold with six other men. These seven pioneer prospectors had tramped over 300 miles from Telegraph Creek to the Liard River. For a time they did well, the gold they found paying them at the rate of \$70 a day in wages and food.

One of them was a brother of Stoneval Jackson, famous general of the American Civil War, died of scurvy, and the only survivor of the seven, and weak, man, to make his way alone back to civilization, to return sixty-three years later by airplane.

When E. J. A. Burke went in on his ill-fated expedition last year, he and his companions took shovels with them in the hope of finding gold, proving that the lure of the Yukon was as strong as ever, said Mrs. Barrows.

Describing her trip to Whitehorse at the time her husband went north with Mr. and Mrs. Lowe, Mrs. Barrows told of being met at the northern settlement by E. J. Wason and Joe Walsh who subsequently found the Burke plane and its two survivors. She recounted the terrible hardships endured by the lost men and by the men who searched for them in the rigors of the Arctic winter.

The speaker urged that pilots flying in the Yukon in winter should be made to carry sleeping bags and snowshoes for themselves, and every passenger, guns and fifty pounds of ammunition, and that each pilot should be required to have some elementary knowledge of woodcraft.

Mrs. H. Catterall tendered the thanks of the gathering to the speaker for her interesting address.

Mr. Ernest Eve, the president, introduced the other guests of honor, including Mrs. E. F. Tolmie, honorary president; Mrs. H. Anson and Mrs. G. A. Bucklin, honorary members; D. S. McAdie, president of the Kwanan Club, and Roy Munster, representing the Gyo Club. The president expressed the hope that the service clubs would support the Women's Aeronautical Association in its efforts to establish a landing field here and in establishing public interest in aviation.

She announced that after the last luncheon, addressed by V. Shoemaker, J. Baker, a member of the association, made a donation of \$25 towards the prize for the longest flight by a model aircraft.

STUDENT'S DEATH Is Investigated

Cambridge, Eng. Feb. 23.—Scotland Yard agents were summoned here to investigate the strange death of John Charles Ellis, first year man at Sidney Sussex College.

The body of Ellis was found to-day in his room, fully dressed, with a handkerchief tied over the mouth and the hands and ankles tied with handkerchiefs.

Gaining entrance by a pass key, burglars who entered the home of J. Dixon, 464 Stanward Avenue, Saturday evening, discovered the place thoroughly police were informed. Mrs. L. A. George, 484 Vancouver Street, reported the Girl Guides' clubrooms, Fairfield Road, had been broken into and electric light globes broken.

INDIANS' HOME BREW DEBATED

A suggestion that provincial police should extend the investigations of the supply of liquor to the source of making home brew was raised in the agriculture committee of the Legislature this morning, when a resolution of the Advisory Board of Farmers' Institutes recommending an inquiry into the Indian Act, to examine provisions regarding the rights and liabilities of Indians in liquor and the materials for the manufacture of home brew, such as dried figs, essence and materials were not a portion of an Indian's diet, some of the small stores

OBITUARY

The funeral of Mrs. Elizabeth Martha Woodbury will take place to-morrow morning, proceeding from McCall Bros' Funeral Home to St. Andrew's Cathedral, where mass will be celebrated at 9 o'clock. Interment will be in Ross Bay Cemetery.

The death occurred Saturday of Mrs. Lily Jane Parkinson, aged sixty-three years, at her residence, Ralph Road, Saanich. She leaves to mourn her passing her husband, two sons, Tom, San Francisco, and Fred in Saanich, and one brother and two sisters, all of Saanich. Mrs. Parkinson had been a resident of Saanich for twenty years. Funeral services will be conducted by the Brethren from the Sands Funeral Parlors on Wednesday afternoon, at 3.30 o'clock, and interment will be in Ross Bay Cemetery.

Mrs. Eliza Jones, widow of D. W. Jones, formerly of Marigold, V.I., passed away in Portland, Ore., on Saturday, according to word received in the city. Services will be held to-morrow in Portland. The late Mrs. Jones is survived by three sons, John B. in Victoria, William P. of Portland, and David T. Jones, of Oakland, Cal., and three daughters, Catherine, in Tacoma, Beatrice and Margaret, in Portland. Mrs. Jones came to Victoria in 1911, and opened up the first store in Marigold.

HEINTZMAN

"The Artists' Choice"

COMING! The Children Of H. M. Chapel Savoy

ON Wednesday, March 4, the Children of H. M. Chapel Savoy, Strand, will come to Victoria and sing at the Metropolitan Church.

For such an authoritative rendering of English Church music the outstanding Canadian piano has been selected for the Dominion-wide tour of this great choral body.

Preference for the Heintzman is a practical testimonial of the superb tone and flexibility of this great instrument. It is a piano that you can own just as easily as any other... and have infinitely greater satisfaction than you would from an instrument of lesser importance.

WHITNEY LETTER

(By Logan & Strain)

New York, Feb. 23.—Whitney of the Wall Street financial bureau says:

STRONG MARKET TO-DAY

"On attainment of approximately 190 in the industrial averages the market has completed what is technically described in accordance with the Dow theory as half and half movement. With both the industrial and the rail at new high prices of the year. We have been presented with what is known as a confirmation in the averages. According to the Dow theory of the movement or stock prices what we have seen of late indicates that the next reaction will not necessarily be a resumption of a bear market, but that it will be a reaction in the preliminary stages of an advancing market. However, at the moment sight should not be lost of the fact that virtually without exception, upon the market giving a confirmation, movement reaction develops. There are numerous signs that such a development is imminent. We have seen those issues which have brought out to transact the February rally encountering resistance, having lost the technical strength that they enjoyed earlier in the month because of the then existing short interest. We have also seen the standard issues brought to the foreground as a stimulant for further rally. In addition to this and characteristically, there has been a decided increase in volume of trading. Saturday's session having been at a rate greater than any since the declining seasons of last year. "From the tone of the market at the close Saturday there is every reason to believe that the strength in the market will be carried on a goodly portion of to-day, particularly in the rails. To those who are long of stocks I believe that they at least clinch the major portion."

"I understand that testimony will be given in Washington this week by a recognized authority which will not be favorable to the utilities. I am also given to understand that there is a good possibility of the recently rumored advance in steel prices becoming an actuality. Information is at hand that within a comparatively short time we will be confronted with news of a very decidedly unfavorable development in real estate finance circles."

"Those behind this market, have, to a considerable extent, fulfilled promises in the way of prices and have undoubtedly been considerably buying by the public as a means of replenishing 'hope chests.' 'I think it most advisable that even the courageous refrain from following this technical spurt we have seen in the market any further, for both technical and fundamental conditions imply that it is about over for the time being, and in truth, not a healthy market to be in as a trader in anticipation of additional profits."

N.Y. Market Gossip

R.C.A. Communications Inc., a subsidiary of Radio Corporation of America, continues to expand. In 1930 seven new direct circuits were added, giving radio service in China, Russia, Czechoslovakia, Chile, Panama and Santo Domingo.

Kelly Springfield Tire Company net profit for year ended December 31, 1930, \$30,000, after all charges, including losses incurred by depression in market value of raw materials.

Reports of new pool operations in United Aircraft are being circulated on the Coast with some of the biggest wire houses recommending the stock for a turn on the upside. The company is expected to share substantially in any government contracts given out this spring as it always is well represented in both plane and motor business. Pratt and Whitney, a subsidiary of United and makers of the Hornet and Wasp airplane engines, are expected to bolster the parent companies profits this year.

New York Federal Reserve Bank notifies member banks that Treasury offering is expected March 22. The bank is expected to declare a dividend of twenty-five cents, pay April 15, 1931, March 20. Previously paid forty cents a quarter.

Electric Storage Battery Company declared regular quarterly dividend of \$1.25 on common, pay April 10, record March 9.

Lehigh Valley Coal Corporation 1930 consolidated net profit one cent a share on 1,201,545 common shares, against forty-one cents a share on 1,198,968 shares in 1929. Securities carried at cost of \$15,269,186 at year end had market value of \$3,919,946.

International Railways of Central America January balance before fixed charges \$816,804, against \$999,488 in January, 1930.

Puget Sound Power and Light Co. twelve months ended January 31, 1931, balance \$4,546,013, after taxes and charges, against \$4,089,568 in previous twelve months.

American Locomotive receives \$75,000 order for five locomotives from Soviet Russia.

\$125,000,000 New Revenue Is Now Sought By Ottawa

The financial statement for the first nine months of the current fiscal year reveals a loss of \$66,000,000 in federal revenues, writes the Ottawa correspondent of The Manitoba Free Press. That is to say, in the period April 1 to December 31, 1930, the income of the Dominion Government was \$282,000,000, against \$31,000,000 in the corresponding period of the preceding year. The revenues in the past four months have been shrinking rapidly, and it is now clear that the annual budget to be submitted to Parliament will show a deficit of close to \$100,000,000.

And while revenues are shrinking, expenditures are increasing. The ordinary expenditures in the nine months are up \$15,000,000 and the extraordinary expenditures, though not covered in the official reports, are probably as much again. These additional expenditures are caused by the unemployment relief programme and there is no assurance that they will not recur next winter. Mr. Bennett, as Minister of Finance, must face, also, higher costs of government, in the way of old age pensions, \$10,000,000; increased soldier pensions, \$5,000,000; public works promised in the last election campaign, such as the Peace River outlet, to a high, but unstarred amount. Moreover, the Bennett tariff policy will largely reduce customs receipts, so that new revenues to replace them, to the tune of at least \$75,000,000, will have to be sought.

CAPITALIZE EXPENDITURE
 The sales tax, now standing at one per cent, is no longer an efficient revenue instrument, as there are scores of exemptions. This tax has been definitely marked down for repeal and the \$30,000,000 odd obtained from it will have to be found elsewhere.

Considering Mr. Bennett's problem, it appears that he will need to find \$125,000,000 new revenue if he is to escape budgeting for a deficit in 1931-32. There are, of course, expedients he can apply to simplify his problem. He can, for example, capitalize as many

Financial Notes

Jack Waite Consolidated Mining Co. Ltd. new mill handling 350 tons daily and will shortly be stepped up to 600 tons daily. Together with old mill this will give a total output of 800 tons daily. Development work in this mine has twenty-one faces in ore, several in solid high grade 10-16 feet wide. The raise to the Montana workings is up about 300 feet, with eleven feet of high grade showing. Concentrates are going to Bunker Hill Smelter at Kellogg.

PLANET MINES AND REDUCTION COMPANY
 It is understood that British company, whose thirty-day option on Planet expired February 14, decided not to exercise it. Other offers are believed to be under advisement. The mine is closed down.

ALEXANDRIA GOLD
 Alexandria Gold Mines, developing a gold property on Alice Arm, about 120 miles from Vancouver, has added more equipment and is now undertaking deeper development work, according to an official statement.

ORANGE, LEMON CROPS HEAVIER IN CALIFORNIA

Embargo Off Florida Fruit Cuts Prices to Half Level of Year Ago

San Francisco, Feb. 23.—Large increases in both the orange and lemon crops in California over the previous year are now forecast. The current estimate for the 1930-31 navel orange crop places it at 15,819,000 boxes, compared with the sub-normal yield of 9,500,000 boxes the previous season. The 1931 lemon crop is forecast at 6,300,000 boxes, compared with the sub-normal yield of 9,500,000 boxes the previous season. The 1931 lemon crop is forecast at 6,300,000 boxes, compared with the sub-normal yield of 9,500,000 boxes the previous season. The 1931 lemon crop is forecast at 6,300,000 boxes, compared with the sub-normal yield of 9,500,000 boxes the previous season.

ARGENTINE CROP TOTAL CUT, BUT STILL ABOVE 1929

Washington, Feb. 23.—The United States Agriculture Department to-day reported reduction in previous estimates of the 1930-31 Argentine wheat crop, but they were still well above those of the 1929-30 crop.

PLACER GROUND NOW BEING TESTED AT BRIDGE RIVER

Vancouver, Feb. 23.—When power purposes demanded the damming of Bridge River above a rich placer gold area, and the diversion of Bridge River into Sec. on Lake, it was apparent that the rich gold-bearing gravels of the river would be laid bare for dredging operations.

WHOLESALE PRICE INDEX STILL FALLS

Washington, Feb. 23.—Bureau of Labor statistics report the wholesale commodity price index for January at 77.0, against 78.4 in December and 78.4 in January, 1930.

WILD GAS WELL IN EAST BLOWS IN

Corning, N. Y., Feb. 23.—(A.P.)—Flowing with terrific pressure that shook the ground within a radius of several hundred feet, a wild gas well which "blew in" last night near Tieg, Pa., twelve miles south of here, had increased to-day to a flow of more than 75,000 cubic feet a day.

Murder At Bridge

by ANNE ALSTIN, author of "THE BLACK PIGEON," "THE AVERAGE PASSENGER" and "MURDER BACKSTAGE"

That the big lamp, when he, following Strawn, had first examined the scene of Nita's murder, had not stood in front of the window frame did not dampen Dundee's excitement in the least. After Karen Marshall's scream that room had been filled with excited people, who had rushed about, looking out of the window for the murderer and doing all sorts of things which terror-stricken people do in such a crisis. No, the murderer—or murderers—had found no difficulty in shifting the big lamp one foot nearer the chaise longue, to the place it had always occupied before.

But—how had the gun been fired from the lamp? Electrically, of course. Another picture flashed into Dundee's mind. He saw himself stooping, on Monday afternoon, to see if the plug of the lamp's cord had been pulled from the socket, saw it again as it was then—nearly out, so that no rent could be made in the baseboard outlet under the bookcase into the bronze lamp. How far from the truth his conclusion that Monday had been!

But what was the real truth? Suddenly Dundee flung back the rug which almost entirely covered the room floor and revealed the bell which Dexter Sprague had rigged up so that Nita might summon Lydia from her basement, in case of dire need—a precaution with which the murderer was familiar, since Lois Dunlap had innocently spread the news of its existence.

There was a half-inch hole in the hardwood floor, and out of it issued a length of green electric wire, connected with two small, flat metal plates, one upon the other, so that when stepped upon a bell would ring in Lydia's basement room.

But there was something odd about the wire. Although it was obvious that a section of it near the two metal plates was wrapped with black adhesive tape. Another memory knocked for attention upon Dundee's mind. The long cord of the bronze lamp had been mended with exactly the same sort of tape—about a foot from where it ended in the contact plug.

Within another two minutes, Dundee, with a flashlight he had found in the kitchen, was exploring the dark, carpeted portion of the basement which lay directly to the east of Lydia Carr's basement room. And he found what was looking for—adhesive tape wrapped about the wire which had been dropped through the floor of Nita's room before it had been carried, by means of a bored hole, into Lydia's room.

He was too late—thanks to Captain Strawn. The bell which Sprague had rigged up was in working order again. But as he glanced at the ceiling of the large room devoted to furnace, hot-water heater and laundry tubs. And in the ceiling he saw a hole.

The murderer had left a trace he could not obliterate. At 3 o'clock that Sunday afternoon Bonnie Dundee, fatigued after a strenuous day and suffering, to his own somewhat disgusted amusement, from reaction—even a detective feels some shock at having narrowly escaped death—permitted himself the luxury of a call upon Penny Crain.

He found the girl and her mother playing anagrams. After greeting him, Mrs. Crain rose, to surrender her place to the visitor.

"You play with this girl of mine, Mr. Dundee. She's too clever for me! She's beaten me every game so far, and when I played the two-handed bridge as a chance to get even, she shudders at the very word!"

"Why did you drag poor Penny away from his dinner her to-day?" Penny demanded, scrambling the little wooden blocks until they made a weird pattern of letters.

"Because I wanted to find out exactly how Nita Selim was killed—and I did," Dundee answered. "I wish I knew as well who murdered her!"

Mute before Penny's excited questions, the detective idly selected letters from the mass of face-up blocks on the table, and spelled out, in a low row, the names of all the guests at Nita's fatal bridge party. Suddenly, and with a cry that started Penny, Dundee made a new name with the wooden letters.

Now he knew the answers to both "how?" and "who?"

CHAPTER XLVII

"I fall to see any necessity for all this secrecy and hocuspocus," District Attorney Sanderson protested irritably. "Why the devil don't you come clean and give us the low-down—if you have it!—on this miserable business."

OUR BOARDING HOUSE

EGAD, LADS, DO YOU KNOW HOW I THROW OFF THE SHACKLES OF WORRY? BY A SYSTEM THAT I LEARNED FROM THE HINDUS WHEN I WAS IN INDIA! FOR INSTANCE—I SIT IN A CHAIR AND RELAX COMPLETELY—THEN I CLOSE MY EYES AND GO INTO THE SILENCE, BY BREATHING DEEPLY IN THE DIAPHRAGM! AFTER AN HOUR OF SUSPENDED CONSCIOUSNESS, I RE-APPEAR WITH A REFRESHED AND CALM BRAIN!

Just an old fashioned snooze

most crowded out by immense filling cabinets.

Five minutes later Dundee sat at that desk, photographs of Dexter Sprague's dead body, just as it had been discovered on the floor of the trophy room in the Miles home, and a labeled set of fingerprints spread out before him.

"You're sure there can have been no mistake?" he asked. "No chance that these fingerprints photographs were reversed when the prints were made?"

"Not a chance—with my system!" Carraway retorted positively.

"Fine!" Dundee cried. "May I take these photographs? . . . You have copies, I presume?"

It was 2.30 o'clock when Dundee, after a much needed lunch, parked his car in the driveway of one of the most splendid houses overlooking Mirror Lake—a home whose master and mistress were now attending an inquest into two murders.

Half an hour later he climbed into his roadster again, his head spinning. "Did I say ingenious?" he marvelled. . . . He drove directly to the Selim house, for he had much to do before the arrival of Sanderson's compulsory guests at 5.15.

His first visit there was to a small room in the basement—a dark cubby-hole next to the coal room. He had looked it carefully after exploring it the day before, for he had taken no chance of leaving unguarded the place he had found it—treasure worth more to him than its weight in gold.

And queer treasure it was that he extracted now—a coiled length of electric wire, which he and Ralph Hammond had measured the day before, with a triumphant excitement; a box of thumb tacks, many of them surprisingly bent at the point; an augur with a set of bits of varying sizes, a step-ladder, and a hammer. If Dexter Sprague had not overestimated the amount of electric wire needed for the job of installing an alarm bell between Nita's bedroom and Lydia's. . . . Dundee was about to close the door when he had not expected ever to see it again, although he had known of its existence for more than an hour.

At 5.15 he was entirely ready for D. A. Sanderson, Captain Strawn, and their party of indignant and unwilling guests. . . . Dundee! Carolyn Drake squealed. "You're not going to make us play that awful 'death hand' again, are you?"

"They were all crowding about him—the men and women who had been Nita Selim's guests at her last bridge and cocktail party. . . ."

"Not only are the bridge tables exactly where they were at this time on the evening of May 24," Dundee answered so significantly that all stopped chattering to listen. But everything else in the house is precisely as it was. Fortunately, not even the electricity has been cut off! But to make sure I have forgotten nothing, I wish all would all follow me into Mrs. Selim's bedroom and look for yourselves."

Like sheep, they crowded into the little foyer and on into the bedroom. There stood the big bronze lamp, set squarely in front of the window frame and in a direct line with the musical powder box on dead Nita's dressing table.

(To Be Continued.)

BEDTIME STORY

Uncle Wiggily and the Silly Cat

By HOWARD R. GARIS

(Copyright, 1931, Howard R. Garis.)

"Ho! Ho! Ho!" laughed the Wolf. "Ho! Ho! Ho!" laughed the Fox.

"What are you two chaps so jolly?" asked the Bob Cat, who had come to the den of the Fox to pay a visit. There he found the Wolf, who had also come to see Mr. Fox.

"Oh, I just can't help laughing!" said the Fox. "The same with me," spoke the Wolf.

"This is very strange," mewed the Bob Cat. "You two didn't used to be so jolly. You look hungry, too, and I know I am."

"Well, I am hungry," admitted the Fox. "But I can't help laughing. Tee-hee! Tee-hee!"

"I feel the same way!" snickered the Wolf. "Turn, to turn, to turn!"

"Something must have happened," growled the Bob Cat. "To make you chaps so jolly. What was it?"

"Well, Uncle Wiggily pointed his funny tickle stick at me," said the Fox. "And ever since then I can't help laughing. Not that I want to, for it makes me hungry to laugh and there is nothing to eat here in my den, nothing at all."

"Do you laugh, Mr. Wolf, for the same reason Mr. Fox does?" asked the Bob Cat.

"Yes," was the answer. "I do. Uncle Wiggily saw me one day when I was crying because my wife had been peeling onions to make a pie. But when that rabbit gentleman pointed his tickle stick at me I had to laugh, and I've been laughing, more or less, ever since."

"Well, Uncle Wiggily can't make me laugh!" declared the Bob Cat. "Tickle stick or no tickle stick, he can't make me laugh!"

"Just you wait!" chuckled the Fox. "That's a very strong stick which Uncle Wiggily has."

"Booh!" mewed the Bob Cat. "I'd like to see him try it on me! And I'm going to give him the chance. I'm going out and see if I can catch that rabbit. If we do, maybe he will give us something to eat here in my den, nothing at all."

"You can't get anywhere near Uncle Wiggily," said the Wolf.

"Why not?" the Bob Cat wanted to know.

"Because," went on the Wolf, "as soon as he sees you coming, with your silly little tail, Uncle Wiggily will know who you are and he will run back to his hollow stump, bungalow and you will be left behind."

"That's all you know about it!" snickered the Bob Cat. "I'll show you! I'll fix my short tail—Oh, yes, I know it's very short and bobbed—but I'll fix it so Uncle Wiggily won't see it."

"How?" asked the Fox.

"I'll tie a paper bag around my tail," mewed the Bob Cat. "Or I'll ask one of you chaps to do it for me. If you can stop laughing long enough. Then, with the bag on my tail I can get close enough to Mr. Longears to ask him for something to eat. He'll never know me for the Bob Cat with my tail hidden in a paper bag."

"Well, we can at least try it," said the Wolf. "Ho! Ho! Ho!"

"Surely!" agreed the Fox. "Ho! Ho! Ho!"

"What are you laughing at?" asked the silly Bob Cat.

"I'm laughing to think what will happen when Uncle Wiggily points his tickle stick—I mean his tickle stick—at you!" said the Wolf.

"I'm laughing at the same thing!" chuckled the Fox. "Oh, that tickle stick! Ho! Ho! Ho!"

"Well, get me a paper bag and tie it on my tail," mewed the Bob Cat.

"Hurry! I'm very hungry!"

So the Fox and the Wolf tied a paper

bag around the little, short tail of the silly cat, and he went out to look for Uncle Wiggily. It did not take the Bob Cat long to find the rabbit gentleman, who was out looking for an adventure. Mr. Longears saw the Bob Cat, but, seeing the paper bag instead of the little stump where most cats have tails, he did not take Uncle Wiggily for the moment, did not quite know what it was.

"Hello there!" called the rabbit gentleman friendly like.

"Hello there!" answered the Bob Cat, walking closer with his stubby tail in the paper bag. "I want something to eat!"

"Well, how would you like a bite of this?" asked Uncle Wiggily and he pointed the tickle stick, which he was

HOHENZOLLERN

KEEP FLUTE WHILE

\$62,500 OFFERED

Potsdam, Germany, Feb. 23.—"Even Henry Ford with all his riches, can not acquire Frederick the Great's flute," Friedrich Leopold Hohenzollern Jr. said Saturday in discussing withdrawal of the flute from an auction sale of family heirlooms.

"Mr. Ford made a fabulous offer, the size of which I decline to divulge. But so long as my father and I live the flute will not be sold. Our decision to withhold it from the auction sale stands," said the ex-Prince.

Mittag Am Zeitung said Mr. Ford's offer for the flute was 250,000 marks (\$62,500). The Metropolitan Opera Company of New York was said to have offered \$20,000. A United States newspaper publisher, believed to be William Randolph Hearst, and a United States banker also made offers.

NEW AID FOR BLIND WORKERS IN ONTARIO

Toronto, Feb. 23.—Assumption by the province of the greater part of the cost of compensation for blind workers injured in industry is provided for in a bill before the Legislature, sponsored by Hon. W. H. Price, Attorney-General. The object of the bill is to encourage the employment of blind persons.

The cost of any compensation to a blind worker for injuries sustained or an industrial disease contracted in the course of his employment in excess of \$50 will be borne by the province, if the bill, to be debated this week, is passed.

Payment of the compensation will be in accordance with the terms of the Workmen's Compensation Act.

The act, it is felt, will overcome the reluctance of employers to employ blind persons because of the greater danger of injury, with consequent liability for compensation.

Why not enquire for further particulars?

164 David Copperfield

"My other piece of advice, Copperfield," said Mr. Micawber, "you know. Annual income twenty pounds, annual expenditure nineteen nineteen six, result happiness. Annual income twenty pounds, annual expenditure twenty pounds ought and six, result misery. The blossom is blighted, the leaf is withered, the God of day goes down upon the dreary scene, and—in short you are for ever floored. As I am!"

Will the fruits of years of industry go in care-less spending—then DEPENDENCE?

Will thrift be a companion or to industry during productive years—then INDEPENDENCE?

Success should be gauged by savings—not by income. Industry alone will not bring independence—Thrift must be Industry's partner. A Manufacturers Life policy is the sure road to INDEPENDENCE.

THE MANUFACTURERS LIFE INSURANCE COMPANY

Dorothy Dix

Advocate of Constant Applications of Patience

Patience Would Do More Than Anything Else in the World to Make Marriage a Success, if Only the Husband and Wife Who Begin to Be Disillusioned Had the Patience to Use It

IF I were a fairy godmother and had it in my power to bestow some magic talisman upon a bridal couple that would insure their future happiness and prosperity, I should give them PATIENCE. And I should say:

"My children, this is a conjure that will do more than love, it will do more than practice all of the standard domestic virtues, it will do more than anything else in the world to make your marriage a success, if you will only use it. It is a rabbit's foot that will protect you against all of the bogys that are waiting to grab you as soon as the honeymoon is over, if you will only carry it in your hand.

"Use it when you first begin to discover that you are united to just a plain, ordinary, faulty, human man or woman instead of being married to a little tin god. Use it when each other's little ways commence to get on your nerves, and the cute little tricks and mannerisms in each other that once enchanted you, make you want to scream or swear. Use it most of all when the disillusioning knowledge begins to soak in on you that marriage is not a petting party, but a life sentence at hard labor.

"Thus shall you be saved from the divorce court that yawns for the newlyweds. For it is in the early years of marriage that so many young couples either stumble into it, or else there begins that estrangement that can separate two persons who live under the same roof farther from each other than if continents intervened between them.

"So begin by applying some patience to marriage itself. Don't get discouraged and throw up your hands and quit because it isn't all that your fondest fancy painted it, and because it is not the glorious success that you thought it was going to be. If you took up law, or medicine, or architecture as a profession, you wouldn't be foolish enough to expect to win fame and fortune in a day. You would know that you had to spend years and years of study mastering the technique of your profession, and that it would take more years of practice before you acquired skill enough to turn out a really good job.

"If you went into business, you would expect to struggle along for years building up your grocery trade, or your brokerage. You would know that you had to have the courage to carry on through hard times, and the grit to meet disappointments, and the wit to triumph over your rivals, or else you would be sunk. But that the man who just holds on and fights on nearly always wrests victory out of defeat and makes a success of what he has set his hand to.

"Believe me, children, if men and women would use half as much patience in trying to make marriage a success as they do in trying to make a success of a business or a profession, there would be mighty little matrimonial bankruptcy. As soon as a man finds out he has a wife who is a poor housekeeper, or extravagant, or who isn't interested in the things he is interested in, he cries out that marriage is a failure and he makes an assignment on the spot of all of his hopes and dreams.

"And let a woman discover that her husband is just an unsentimental soul who says it with beefsteaks instead of violets, or let him have a little flirtation with some other woman, and she packs her clothes and goes back to mother, and another home is broken up.

"Yet it is no exaggeration to say that nine out of ten of these marriages that go on the rocks could be saved if either the husband or wife exercised a little patience. If they would only wait and give marriage a chance to work itself out. If they would only wait until they found out that what they often think is a cyclone is nothing but a tempest in a teapot. If they would only wait until the woman learned to cook and keep a budget, or the man got tired and lost his taste for roaming.

"Some of the happiest middle-aged couples that I know were on the verge of a divorce a dozen times in the first year of their marriage, but somehow they kept on going until they found the Promised Land.

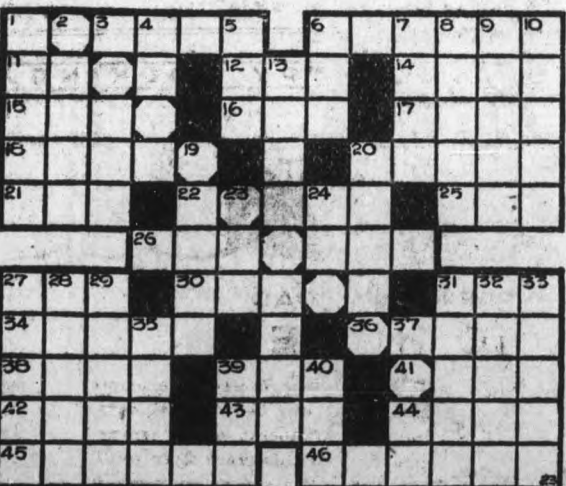

"Furthermore, children, have patience with each other's faults. How could two persons of different heredity, brought up in a different environment, of different ways expect to have the same tastes and habits and ways of doing things? Impossible. Just reflect that your little peculiarities are just as irritating to your husband or wife as his or hers are to you, and ignore them instead of trying to correct them. Have patience with them and you will find that you soon cease to notice these faults and adapt yourself to them.

"Don't expect miracles to happen, and don't expect that the marriage ceremony will turn a gay, fun-loving girl into a staid, middle-aged wife who prefers a kitchen to a ballroom. Don't delude yourself into believing that just getting married will change a wild, roaming youth into a fireside companion who never wants to go out with the boys again.

"It takes time to turn a bachelor into a husband, or a flapper into a wife, and you can't hurry up the process by nagging and complaining.

"IT IS PATIENCE THAT DOES IT." DOROTHY DIX.

BARTHELMESS AT CAPITOL IN FINE PLAY

Many Spectacular Outdoor
Scenes Make "The Lash"
Thrilling Feature Picture

There isn't such a thing as a synthetic cattle stampede, even in the movies. When several thousand long-horn, bald-faced Texas steers were stampeded through the streets of a village as part of a sequence in "The Lash," Richard Barthelmess' latest picture—now at the Capitol Theatre for a three-day run, it took fourteen cowboys the rest of the day to collect them from the hills of the Malibu Rancho, the locale of this first National production.

Director Frank Lloyd had arranged his scenes so that the cattle would not be needed again after the stampede. Neither was the town through which they charged.

Both provisions were wise ones. The steers remained miles away, and the town, built to order of somewhat flimsy materials, was almost completely demolished.

Fireworks were used to stampede the cattle, which thundered along past cameras safely perched on towers built atop steel posts. The noise of the stampede was recorded in microphones strung from overhead wires.

Mary Astor, Marian Nixon, James Rennie, Arthur Stone and other favorites support Barthelmess in this story of colorful early California days.

Coliseum Star Is Wearer of \$25,000 Chinchilla Fur Coat

Ina Claire Lives Up to Her
Reputation of the Best
Dressed Woman

Ina Claire's reputation as one of the best-dressed women does not suffer a bit from the clothes she wears in Paramount's "The Royal Family of Broadway," showing at the Coliseum.

This is the unanimous opinion of the women who saw the picture in production at Paramount's New York studio.

An original Chaney evening gown, a \$25,000 chinchilla coat, and another evening gown of gold lace are outstanding.

The Chaney gown fitted Miss Claire without an alteration, a remarkable occurrence according to the wardrobe department. It is white, decorated with rhinestones, belted and remarkably simple. It is a treat for womanly eyes.

Brentwood

Three games of basketball were played at the West Road Hall on Saturday evening when two teams from Lake Hill and the Sons of Canada journeyed out to tackle the West Road Quintettes.

In all three games the West Road Fives were more than a match for the visitors, the scores being: West Road vs. Lake Hill Girls, 48-28; West Road Intermediates vs. Lake Hill, 39 to 28; West Road Seniors vs. Sons of Canada, 43 to 28.

The line-ups and individual scores were:

West Road Girls—Mary Purdy (18), Jean Cosh (6), C. Alexander (12), May Peden (8), B. Cosh (2), B. Armstrong (2).

Lake Hill Girls—Luella Mitchell (14), Jean Munkely (6), Florence Peddie, Mary Simmonds, Phyllis Peddie (6), Margaret Peddie.

West Road Intermediates—W. Sluggert (13), Charles Sluggert (14), A. Bickford (2), S. Bickford (10), P. Lannon.

Lake Hill—Aymen (10), Kennedy (10), Bainbridge (4), Morgan (4), G. Robbins (4), Robbins and Mowatt.

West Road Seniors—Claude Sluggert (18), W. Sluggert (4), Clarence Sluggert (12), N. Andrew (9), W. Butler.

Sons of Canada, C. Nichol (6), B. Blair (8), A. Reynolds (6), J. Taylor (2), F. Sutton, John Taylor (6).

N. Andrew, Bob White and T. Peden refereed.

Following the games refreshments were served and dancing was kept up till midnight.

Mr. and Mrs. C. Thornton have returned to their home on Victoria Avenue, having spent the winter months in Victoria.

Mrs. J. Roberts, Marchants Road, spent the week-end as the guest of her mother, Mrs. Taylor, Cobble Hill.

Mr. Corbett and Mr. Creed returned on Saturday from a business trip to Vancouver.

Howard Knott

Opens Pharmacy

Up-to-date Establishment at

Five Points Operated By

Native Son

Howard Knott, native son of this

city, and one of the youngest members

of the pharmaceutical profession, re-

cently opened an up-to-date neighbor-

hood pharmacy on Moss Street at Five

Points.

Mr. Knott is well qualified to con-

duct his business, having had a num-

ber of years of practical experience. He

served his apprenticeship with W. B.

Terry, and for the last six years has

been in charge of the Fernwood Phar-

macy.

The store will be modern in every

way, carrying a full line of up-to-date

drug store merchandise, and a well-

equipped dispensary for prescriptions.

Among the agencies so far secured

are the Marionette Circulating Library,

Crystal-Finish Photo Service, and

Northwestern "Velvet" Ice Cream.

IN CAPITOL PLAY

RICHARD BARTHELMESS

who is appearing at the Capitol

Theatre in "The Lash," which will

show until Wednesday evening.

FINE VOICES

IN CHOIR TO

APPEAR HERE

Pick of England's Boy So-

pranos Sing in Savoy Choir

Coming to Metropolitan

Arrangements have been completed

for the appearance in Victoria of the

Savoy Chapel Boys' Choir of London.

The famous group of young male

singers will be heard in the afternoon

and evening of Wednesday, March 4,

at the Metropolitan United Church.

Reservations are now being made at

Fletcher's Music Store on Douglas

Street.

In the choir are twelve boys, rang-

ing in age from ten to fourteen years.

They are the pick of England and have

been well received in large centres of

eastern Canada and the United States.

They come from the Savoy Chapel, sit-

uated on London's famous Strand,

founded in 1246 and rebuilt in 1844.

This quaint and beautiful little

church, which is really a private chapel

of the Kings of England, boasts one of

the finest boys' choirs in Europe. These

lads, children of the Chapel Savoy as

they are known, revive England of

ancient days. Dressed in their scarlet

and gold coats of the time of Henry

VIII, they and their predecessors have

chantered the services of the church

since the days when Chaucer sat in the

corner of the Tabard Inn in Southwark,

and before Shakespeare or Milton were

ever thought of.

Through the efforts of Dr. Henry

Bromley Derry, Master of Music to the

Chapel, the Duchy of Lancaster, the

office through which the King identi-

fies himself with the chapel, was pre-

valued upon to permit the children to

leave England to tour Canada.

As an education in the authoritative

rendering of English church music, no

organist, choir director or other

musician can afford to miss hearing

these lads, a choir body, the

Chapel Savoy choir ranks with the

Chapels Royal, St. Paul's Cathedral

and Westminster Abbey, among the

finest in existence.

The personnel consists of twelve

boys, who will appear under the con-

ductors of Carlton Borrow, director

of the choir. Their repertoire will be a

varied one, consisting of part songs,

glees and above all, of church music

of the highest order.

The cast is as follows:

Richard Varwell, Henry Worthing-

ton; Emma Major, Helen Harris; Ar-

thur Varwell, Gordon Thomson; Joe

Varwell, Cyril Chave; Mr. Baslow, Don-

ald Purves; Thomas Major, George

Warlock; Lydia Blake, Muriel Daven-

port; Mary Varwell, Bernice Chapman;

Jennifer Varwell, Peggy Parsons; Min-

nie Masters, Margaret Purves and Nelly

Masters, Gertrude Straight.

CROOK DRAMA AT DOMINION IS POPULAR

"Paid" the Talkie Version of
"Within the Law" Starring
Joan Crawford

Joan Crawford smashes her way into a new triumph as the heroine of "Paid," talkie version of "Within the Law," the famous Bayard Veiller crook drama which opened Saturday at the Dominion Theatre for a three-day run.

In essaying this emotional role, Miss Crawford justified the faith pinned in her by Metro-Goldwyn-Mayer to an everlasting degree. To say her, Mary Turner is the greatest role of her career is putting it mildly. The role never seems to be a piece of play-acting.

Miss Crawford's Mary Turner is real. Whatever promise we may have had of the star's convincing dramatic work in "Our Blushing Brides" is more than fulfilled by her brilliant characterization of the shopgirl railroaded to prison, who emerges with but one burning desire, to get revenge. Jane Cowl, who created the role on the stage some eighteen years ago, could have done no better than Miss Crawford in that last poignant scene in which she finds her revenge turning to ashes, or in the opening in the courtroom in which Mary Turner declares she will get even for the way the law has treated her.

Colorful River Boats Of Mississippi Seen In Columbia Feature

Made Record on Historic Old
River During Filming of
"The Mississippi Gambler"

At exactly the same time when the Bremen was making new records ploughing across the Atlantic, the picturesque stern paddle-wheels of fifty years ago were making another sort of a record at the Universal Studio during the filming of "The Mississippi Gambler," Joseph Schildkraut's newest starring picture at the Columbia Theatre.

The record which the colorful Mississippi boat was making was the film reproduction of steamboat life as it used to be—the romantic days of the plantation over which carpet-baggers, when gamblers of exactly the type played by Schildkraut thronged the twin-stacked vessels in an era far more dramatically appealing than even the mighty ocean greyhounds of to-day.

"The Awful Truth" With Ina Claire Is On Playhouse Screen

Popular Star Has Support of
John Roche in Picture That
Is Bound to Prove Popular

When Ina Claire was appearing in one of the biggest stage successes of her career, "The Gold Diggers," John Roche was playing just around the corner on Broadway in another David Belasco production, "Deburau."

Then Roche cast his lot with motion pictures and to-day he is appearing in Miss Claire's first all-talking Pathe screen production, "The Awful Truth," which is showing at the Playhouse Theatre.

This screen version of Arthur Richman's play is the third talking production in which Roche has appeared. He played the name role in "The Donovan Affair" and had a prominent part in "The Green Ghost." Marshall Neilan directed "The Awful Truth."

COLLEGE PLAY WINS APPROVAL

Second Performance of
"Yellow Sands" Given at
High School Saturday

A filled auditorium greeted the Victoria College Players' Club at the High School Saturday evening, when the second performance of Edna Phillips' three-act comedy, "Yellow Sands," was given.

"Yellow Sands" is a play dealing with life in a South of England fishing village. The scenery is the work of President Monty Christopher and his stage hands. After the performance Saturday night, all connected with the play adjourned to Victoria College for the annual reception.

The cast is as follows:

Richard Varwell, Henry Worthington; Emma Major, Helen Harris; Arthur Varwell, Gordon Thomson; Joe Varwell, Cyril Chave; Mr. Baslow, Donald Purves; Thomas Major, George Warlock; Lydia Blake, Muriel Davenport; Mary Varwell, Bernice Chapman; Jennifer Varwell, Peggy Parsons; Minnie Masters, Margaret Purves and Nelly Masters, Gertrude Straight.

ROTARY EVENT AT WINNIPEG

Winnipeg, Feb. 23.—Four hundred Rotarians from many parts of the continent gathered here yesterday evening at the seventh annual International Goodwill Banquet. Frank L. Mulholland of Toledo, O., past president of Rotary International, was chief speaker.

The evening commemorated the twenty-sixth anniversary of the club and representatives were present from Minneapolis, Crookston, Minn.; Duluth, Minn.; Fargo, N.D.; Moorhead, Minn.; Grand Forks, N.D.; Fergus Falls, Minn.; Fort William, Ont.; Brandon, Man.; Calgary, Alta.; Estevan, Sask.; Drumheller, Alta.; Moose Jaw, Regina; Port Arthur, Ont.; Toronto, St. Paul, Minn., and Stillwater, Minn.

TWO KILLED IN PLANE CRASH

Chino, Cal., Feb. 23.—Dr. Thomas C. Young, forty-six, former director of the California Chamber of Commerce and noted aviator, and Ray Mertz, thirty-two, both of Chino, Los Angeles suburb, were killed near here yesterday when their plane crashed.

Eye-witnesses said the plane, owned and piloted by Dr. Young, had been in trouble for several minutes. The engine coughed and sputtered. It was flying at about 1,500 feet altitude when it struck a heavy wind and plunged headlong to the earth.

The engine was buried. The wreckage did not catch fire. When witnesses reached the scene, both men were dead.

The two men had left the Grand Central airport in Glendale for Soboba Hot Springs where Mrs. Young and Mrs. Mertz were spending the week-end. Mrs. Mertz was Dr. Young's secretary.

GREAT FIGHTING PLANE IS TESTED IN BRITAIN

London, Feb. 23.—Official announce-

ment was made over the week-end that secret tests had been completed of a new type of fighting airplane which may revolutionize air combat.

Although the machine is only a single seater biplane, it carries six machine guns, controlled in unison and firing a cone of lead covering a

few hundred yards ahead of the ship. Two guns fire through the propeller and the others are set on the wings. Four 20-pound bombs also are carried by the fighting craft, while it has a ceiling of 28,000 feet and sustained speed of 194 miles an hour.
